Germans Launch Heavy Drive On Kerch Peninsula

Believed Start Of Spring Offensive Planned By Hitler Forces

CAUCASUS SEEN AS GOAL OF DRIVE

Believe Attack On Moscow Will Be Tried By Germans At Once

By JAMES E. BROWN

MOSCOW, May 12.—Tough sailors from the Black Sea areas and well-trained troops of the Russian Caucasian command today waged a stubborn battle of resistance against the first heavy spring drive by the Germans.

The Nazi assault, launched against the Soviet garrison on the Kerch Peninsula, may develop into the spearhead of the long-delayed Hitler spring offensive.

A dispatch of the exchange telegraph agency said heavy fighting was in progress as the German spring offensive continued.

The Russians have maintained considerable forces in the peninsula area which are expected to give a good account of themselves.

Two More Japanese Transports Bombed In Solomon Islands

By LEE VAN ATTA
(U. S. Staff Correspondent)

UNITED NATIONS HEADQUARTERS, in Australia, May 12.—While United Nations forces still pursued harried Japanese naval forces and bombed two enemy transports in the Solomon Islands, Army Minister Francis Forde declared today that the fighting serv-

ices of both America and Australia now form the greatest striking force ever assembled in the Pacific.

He said well trained and thoroughly equipped American troops now based on the island continent are ready for any eventuality.

The new action against Japanese shipping brought to 23 the number of enemy ships sunk or damaged during the past week.

Forde disclosed that Australia's

U. S. Submarines Are Striking Jap Shipping With Notable Success

By JOSEPH A. BORS
(U. S. Staff Correspondent)

WASHINGTON, May 12.—Striking at Japanese shipping throughout the Far East with increasing success, United States submarines today paved the way for new counter blows against Japanese sea power similar to that struck by America's Pacific fleet in the recent Coral Sea battle.

Since Japan's main fleet is believed to be intact and fresh naval units are expected to strike again in the southwest Pacific area, naval experts assert that the mounting toll being taken of enemy warships and supply vessels is bound to affect the enemy's invasion thrusts eventually.

Three More Ships Sunk

Scope and importance of American's undersea war against the Japanese was indicated by the navy's latest communiqué which revealed that U. S. subs operating in the far east have sunk an enemy cruiser and two cargo ships.

The sinkings brought to at least 42 the number of Jap vessels of all types sunk by American submarines since the outbreak of war. In contrast, only 66 warships and other

Registration For Gas Rationing Now Under Way

(International News Service)

WASHINGTON, May 12.—While the vanguard of the western seaboard's 8,500,000 motorists flocked to schools to sign up the gasoline ration cards today, OPA officials anxiously awaited complete "returns" to determine whether the available supply of gasoline will cover the demand.

Price administration representatives said that it will be at least two weeks before they are able to determine whether the basic allotment of three gallons per week will be left unchanged, trimmed to only two gallons, or perhaps raised to four or five gallons a week.

See Agreement On Martinique

(International News Service)

WASHINGTON, May 12.—A conservative degree of optimism prevails in official quarters in Washington today over the prospects of reaching an agreement with the French high commissioner of Martinique for the immobilization of the French warships and planes in the Caribbean.

Discussions which have been underway since Saturday between Admiral Georges Robert, the French high commissioner, and Admiral John H. Hoover, commander of the American naval forces in the Caribbean, are continuing.

Although Admiral Robert has not yet accepted the American proposals in their entirety, the discussions are proceeding in a friendly fashion.

London Reports Say Sabotage In Europe Growing

Most Spectacular Surge Since Nazis Took Over Continental Europe

VIOLENT BLASTS ARE INCREASING

Unexplained Fires Are Also Developing Say Reports From Europe

By LEO V. DOLAN
(U. S. Staff Correspondent)

LONDON, May 12.—The most spectacular surge of sabotage since the Nazis took over continental Europe, reported inspired and aided by British parachutists, is now sweeping the occupied countries, authenticated information reaching London disclosed today.

The saboteurs are mainly natives, possibly members of Col. Britton's "V" army now acting en masse to aid in crippling the Nazi war machine. But several dispatches told of British planes parachuting "experts" into the occupied zone to direct daring coups of sabotage.

France, Norway and Holland were reported the scenes of violent explosions, and some dispatches said that instances of sabotage were cropping up in Germany itself. Despite their first hesitancy, British officials are now inclined to believe a report that the aerial towers of the Paris long-wave radio located at Bourges were dynamited and put out of action.

Power Station Blown Up

A Stockholm message to the Norwegian telegraph agency said that the power station at Bordsbuan, south of Trondheim, was blown up by "experts" smuggled in by the British. After overpowering German sentries, the raiders blew up a transformer and disappeared. The job paralyzed an important railway transporting sulphur from the mines.

Unexplained fires in the Malselv district of northern Norway were said to have destroyed storerooms containing thousands of German

Tire Robberies At New Bedford

Two tire robberies took place in the New Bedford district early this morning with two rear wheels, spare tire and tools being stolen from the car owned by Ed Spangler of the Hubbard road, and all four wheels and tires being stolen from an auto owned by Dean Schreckengost of New Bedford.

The robberies are believed to have occurred some time between midnight and 3:30 o'clock this morning.

Mr. Schreckengost's car was parked in his drive, near the highway. Mr. Spangler's car was in the garage, which was unlocked.

State police are investigating the robberies.

Henderson Urges Wage Freezing

(International News Service)

WASHINGTON, May 12.—Price Administrator Leon Henderson's disclosure that he had recommended to President Roosevelt that wages be "frozen" for duration of the war today apparently had impressed the Ways and Means committee, but left many congressmen like-warm to the proposal.

Henderson, who appeared before the tax-writing committee in a day-long secret session, devoted all of his time to a discussion of what he termed the "highly explosive inflation potential."

Three British Destroyers Lost

Attacked By Dive-Bombers In Eastern Mediterranean Says London

OVER 500 SAVED FROM THREE CREWS

(BULLETIN)

(International News Service)

LONDON, May 12.—The admiralty today announced the loss of three British destroyers in the eastern Mediterranean.

The three destroyers lost were the Lively, Kipling and Jackal.

The Lively was one of Britain's most modern warships, having gone into service very recently.

The Kipling and Jackal, launched in 1939, were each of 1,690 tons displacement.

More than 500 officers and sailors were saved, the admiralty said, adding:

Casualties Not Heavy

"Therefore the total casualties cannot be heavy."

All three destroyers were sunk by enemy dive-bombers.

One German plane was destroyed and seven others damaged during the battle.

The communiques declared:

"Four destroyers were heavily attacked by German aircraft in the eastern Mediterranean late yesterday."

"The HMS Lively was hit and sunk. The remaining three were subjected to further heavy attacks."

"During the evening the Jackal and Kipling were both hit. The Kipling sank. The Jackal was taken in tow but was sunk by our own forces this morning."

Report Goering Now In Paris To Press Demands

(International News Service)

LONDON, May 12.—An unfounded rumor that Marshall Hermann Wilhelm Goering now is in Paris bearing far-reaching demands upon Vichy, was received by Reuters' "British" News Agency from the "French Frontiers" today.

Goering was said to carry a threat that Germany would permit Italy to occupy Tunis and Corsica if the demands are not met. The diplomatic correspondent of the London Evening Standard said that one demand was severance of relations between Vichy France and the United States.

U. S. Navy Sinks U-Boat Sinking Brazilian Steamer

(International News Service)

LONDON, May 12.—The German U-boat which sank the Brazilian steamer Parnaiba recently later was sent to the bottom by the United States navy, Reuters reported from Rio de Janeiro today.

The break was discovered almost immediately at the water plant by a sudden speeding of the pumps supplying New Castle and gauges indicated which main was causing the abnormal demand.

The Water Company sprang into action immediately. J. Lepere Matthews, the supervisor, was called from a USO dinner at the Castleton and the entire company force was rounded up and on the job at 7:30.

The break was located definitely in 35 minutes and well under control. Sub-mains were pressed into service and soon the sections of town normally supplied by the broken main were getting plenty of water.

Water washed out from under a hill behind Catherine avenue and inundated the Erie railroad tracks before the water could be shut off. The Water Company men had to clean them off and try to locate the break in the darkness. Due to the difficulties, they were not able to make immediate repairs, but with the coming of day considerable progress was made and the situation is well under control now.

Ask Martinique Anti-Axis Pact

The U. S. State Department announced that Samuel Reber (left), assistant chief of the division of European affairs in the State Department, and Rear Adm. John H. Hoover, commanding naval officer of the Caribbean Sea front, had requested guarantees from the local government of Martinique that that island and other French possessions in the area would not be used to become menaces to the United Nations. The request was made to French High Commissioner Georges Robert.

Water Co. Works On Repairs To Broken Main

One Of Lines Near Pulaski Road Suffers Break Monday Evening

At 6:45 o'clock last night, one of the city's important water lines broke just below Catherine avenue, which is behind the Pulaski road.

The line supplies the North Hill, the East Side and South New Castle Boro and for 30 minutes after the break the North Hill was temporarily without water service.

The break was discovered almost immediately at the water plant by a sudden speeding of the pumps supplying New Castle and gauges indicated which main was causing the abnormal demand.

Chungking Says Japanese Driven Back 31 Miles In Burma Road

BATTLE RAGING IN YUNNAN PROVINCE

Chinese Believe Japanese Will Be Forced Back Across Burma Border

By FRANCIS LEE
(U. S. Staff Correspondent)

CHUNGKING, May 12.—The Japanese invasion of China's Yunnan Province has been beaten back with severe losses to the attackers, a military spokesman announced today.

The invading Japanese hordes have been driven back 31 miles down the Burma road and face annihilation, it was indicated.

The spokesman said the original Japanese column which invaded Yunnan totaled 5,000 men, with another 5,000 held in reserve south of Lashio. These reserves, it was conceded, may be moving northward in an effort to swing the battle which is raging between Lungling and Manghsia.

Some Japanese troops still are on Chinese soil, probably at Wanting, it was admitted.

To Intercept Reinforcements

Chinese forces from Taunggyi, which recaptured Maymo by a strong assault on the enemy rear, were said to have moved to a point between Maymo and Lashio, where they are in position to intercept any Japanese reinforcements.

The Japanese who occupied Myit-kyina, "with little Chinese resistance," it was noted.

Little Hope For Civilian Rubber

Year And Half Before Relief

Synthetic Rubber Experts See Enough Rubber For Military Needs

SYNTHETIC RUBBER TO COME SLOWLY

(International News Service)

BOSTON, May 12.—Consensus of synthetic-rubber experts attending the 34th semi-annual meeting of the American Institute of Chemical Engineers today was that the United States has enough natural and synthetic rubber to meet all military needs.

"That means nothing, absolutely nothing for the civilian for at least a year and a half, probably longer," Dr. Francis J. Curtis, of St. Louis, emphasized.

Plant Capacity Problem

Rubber experts said the principal problem deals with plant capacity. While it is being raised through expansion it will be months before this country can produce rubber on a scale necessary to cover all requirements, they said.

The synthetic rubber industry will be established so firmly by the end of the war that natural rubber will never again be in short supply, said Curtis who added:

"First of all, you can be sure we will never get caught in a jam like this one again. But it is also important to remember that synthetic rubber will become better and better and cheaper and cheaper."

"Rubber shortages may become so desperate," said John L. Rogers, of the Interstate Commerce Commission, "that it may compel substantial reduction in that it may compel."

Fourteen Of Crew Lost From Ship Sunk By Sub

(International News Service)

WEST PALM BEACH, Fla., May 12.—Loss of 14 members of a 34-man crew when an Allied Nation freighter was torpedoed off the Atlantic Coast May 7 today was attributed by survivors to a fire which broke out instantly after the submarine attack and trapped many of the seamen afloat.

Difficultly the surviving 20 crewmen encountered in abandoning their burning and rapidly settling ship was revealed when they told how they escaped aboard a liferaft after their lifeboat became entangled in its davits and finally sank.

The seamen were rescued by naval ships and were landed safely at several ports navy officials said in announcing the sinking of the freighter by an enemy submarine.

SENATOR DAVIS MAKES ADDRESS

(Continued from Page One)

people would have the opportunity to express themselves in the matter of the selection of a candidate for governor. Like a bolt from the blue a ticket made up by two of the wealthiest men of the state was handed out. I have called upon General Martin to debate this question but he has refused. All he wants to talk about is saving the war. Why isn't he in it?

"I have been accused of promising to appoint John L. Lewis as secretary of agriculture. John L. Lewis is a coal miner from Illinois. The job requires a farmer from Pennsylvania."

Senator Davis touched upon the next tax bill and promised it would be the heaviest burden this nation had ever been called upon to bear.

"But we'll bear it," said he, "for it means winning the war."

Touching upon old age pensions Senator Davis said he had been for old age pensions for 30 years. He then called upon Pennsylvania to match the full old age allotment made by the government.

Concluding his address he said "I wouldn't want to go into the office unless I could go into the office free of dictation."

During his address Senator Davis endorsed the candidacy of Judge W. Walter Braham for the office of judge of the superior court. Judge Braham was not present, but the chairman read a statement from him saying he was on the Davis ticket.

Ralph Cooper, Chairman

Attorney Ralph Cooper was the chairman of the evening. Opening the meeting he had the crowd sing "God Bless America." William P. Smith, candidate for the nomination for secretary of internal affairs, was the first speaker. Mr. Smith was brief.

"We offer no program for the chosen few," said Mr. Smith. "This is an election when every citizen should express himself at the polls. If you fail to vote you fail to protect the home front."

Judge John S. Fine, candidate for the nomination for supreme court, and William J. Hamilton, candidate for the nomination for lieutenant-governor, could not be present at the meeting but were represented by Judge John G. Lamoree.

Judge Lamoree spoke briefly, but in his remarks lauded the ability and character of each of the men and urged their election.

The Davis party had two meetings scheduled simultaneously Monday night, one in New Castle and one in Butler. The idea was to shuttle the candidates between the two cities, with Senator Davis and William P. Smith opening in New Castle, while Judge Fine and Mr. Hamilton spoke in Butler. The hour got late and it was decided that Judge Fine and Mr. Hamilton would come to New Castle. Senator Davis and Mr. Smith left New Castle for Butler about 9:30.

The meeting adjourned with the audience singing "America."

SCHOOL BOARD TO MEET WEDNESDAY

New Castle school board will meet on Wednesday evening at the East street building headquarters. It is announced by Secretary John B. Bechtel.

Deaths of the Day

Helen Crane

Helen Crane, aged 15, of Wampum, passed away Monday night at Cresson sanitarium where she had been a patient for three months.

Helen was a first year student at Wampum high school.

She leaves her mother and stepfather, Era and Coy Allen; the following brothers and sisters: Dorothy, Coy, Jr., Iona, Sara Lee, Caesar, Harold and Richard, all at home.

The body is being brought to the Marshall funeral home, Wampum, this afternoon where it will remain until Thursday noon when it will be taken to the residence. On Friday morning the body will be returned to the funeral home for services Friday afternoon at 2 o'clock. Interment will be in Clinton cemetery.

Jane Isobel Douglas

Complications following an operation resulted in the death of Jane Isobel Douglas, aged 22, of 611 Highland avenue, who passed away this morning at 4:10 o'clock in the James Memorial hospital.

Widely known and liked in the city, Miss Douglas was especially active in all young people's activities. She was born in New Castle on August 1, 1919, only daughter of A. Earl and Marie Parker Douglas, and had spent all her life here.

Miss Douglas had been employed at the Penn Power Co. She graduated from New Castle high school with the class of '38 and afterwards attended Westminster college, New Wilmington, where she was a member of Beta Sigma Omicron Sorority.

She was also a member of the Sigma Delta club in New Castle and of the Second United Presbyterian church where she taught a Sunday school class in the junior department.

Miss Douglas is survived by her parents.

Funeral services are to be conducted Thursday afternoon at 2:30 o'clock from the R. L. Boyd funeral home, North Jefferson street, with Rev. J. Calvin Rose, pastor of the Second United Presbyterian church, officiating. Interment will be in Oak Park cemetery.

The family will receive friends at the funeral home this evening from 7 to 9 and Wednesday afternoon and evening from 2 to 4 and 7 to 9 o'clock.

David Clayton Dindinger

David Clayton Dindinger, aged 64, passed away at his home in Lancaster township, Butler county, near Zelienople, Monday afternoon at 5 o'clock. He had been ill for several months.

A son of George and Maria Lambert Dindinger, Mr. Dindinger had spent his entire lifetime on the farm on which he died. He was a member of the Zion Lutheran church of Middle Lancaster and was on the church council for a number of years. At the time of his death, he was a school director in Lancaster township and road supervisor.

Survivors are his wife, Clara Uhl Dindinger; six daughters and three sons. Mrs. Carl Gallagher of Harmony, Mrs. Harry Householder of New Brighton, Mrs. Loyal Wright of Harmony, R. D. I. Mrs. Daniel Minehart of Harmony, Mrs. William Wolfe of Harmony, Miles E. of Freedom, R. D. George C. of Harmony, R. D. and Wayne V. of Harmony; three brothers, D. D. of Pittsburgh, George L. of Marshallfield, Ore.; S. I. of Gregton, Texas, and two sisters, Mrs. Sidney Druschel of New Brighton and Mrs. Elizabeth Hyde of Marshallfield, Ore.

Funeral services will be conducted from the Zion Lutheran church Thursday afternoon at 2:30 o'clock with Rev. William H. Mitchell in charge. Interment will be in the church cemetery.

Mrs. McKee Funeral

Funeral services for Mrs. Nettie McKee, wife of Dr. E. D. McKee of St. Petersburg, Fla., were held Monday afternoon at 2:30 o'clock at the grave in Oak Park cemetery.

Rev. W. V. McLean, pastor of the First Methodist church, officiated.

James Safranik

James Safranik, one month old son of Thomas and Clara Cefranic, R. D. 1, Pulaske, died at the home Monday afternoon at 2:30 o'clock after a one week illness.

The infant was born April 10, 1942. Surviving are the parents; six brothers, Edward, Thomas, John, George, Anthony and Frank, and two sisters, Mary and Margaret.

Funeral services will be held Wednesday afternoon at 3 o'clock in Villa Marie cemetery.

The body, removed to the A. Darrell Burke funeral home, 319 North Jefferson street, will be taken to the residence this evening.

Mrs. Jordan Funeral

Funeral services for Mrs. Joanna Vosler Jordan, wife of Joseph Jordan, 214 North Crawford avenue, were held Monday afternoon at 2:30 from the Wyatt R. Campbell funeral home, East North street.

Dr. J. J. McVahne, pastor of the First Presbyterian church, officiated.

First Presbyterian church, of which Mrs. Jordan was a member, was in charge of the services, which were largely attended.

Palbearers were Melville Jordan, Frank Patterson, Edgar Ellis, John Waddington, Ralph Jordan and Edgar Shaw.

Interment was in Oak Park cemetery.

Mrs. Schoen Funeral

Impressive and largely attended funeral services were conducted Monday afternoon from the Ferguson-Wood Co., Pittsburgh, for Mrs. Julia Schoen of Mercer. Rev. W. D. Parsons of the Brighton Road Presbyterian church was in charge.

Palbearers were Charles Gilbert, Blair Gilbert, J. T. Shay, James Swartz, Fred Kindl and Fred Kindl, Jr. Joseph Morrow was an honorary palbearer.

Interment was in the mausoleum at Homewood cemetery, Pittsburgh. Short services for Mrs. Schoen were held in the Leasingburg funeral home in Leasingburg on Sunday before the body was taken to Pittsburgh.

This figure included 48,973 killed, 46,363 wounded, 58,458 taken prisoner and 29,756 missing.

The announcement does not cover the period since extension of hostilities to the Far East. More than 70,000 British troops were taken prisoner at Singapore alone.

STOCKHOLM, May 12.—Dispatches from Helsinki today expressed belief that Finnish forces in the Lohi area have smashed a Russian offensive launched on April 21 by three divisions, two infantry brigades and one ski brigade.

Finnish headquarters reported 11,000 Russian troops slain in the front-line, with uncounted casualties caused by artillery fire and dive bombers.

Finnish losses were reported "insignificant."

Stockholm, May 12.—Britain is sending "very great" land, sea and air forces to Egypt, presumably to launch a new offensive in Africa shortly, the newspaper Svenska Dagbladet reported from Rome today, quoting Italian military observers.

land, everything was ready for a short, intensive and successful drive.

The principal speaker, Dr. G. S. Bennett, had just finished a tour of the USO camps in the east and south and he showed what the USO means to our soldiers, sailors and marines.

The USO is giving three things to the country's war effort that makes it worthwhile these trying times and they are, according to Dr. Bennett, (1) aid and fun to the boys in camps that rail their morale, (2) the USO is part of the total United States war effort and in supporting the USO we are helping to win the war, and (3) the USO is making a definite contribution to United States democracy by breaking down of religious prejudices.

We Are At War

Dr. Bennett said that the first thing his tour brought home to him was the hard and bitter fact that we are at war—something he added, that the average person in New Castle does not realize. But, when one sees tens of thousands of boys who have left home and futures marching, shooting and learning to fight then you begin to catch some of the sadness and sacrifice that goes hand in hand with war," Dr. Bennett continued.

"When I think of what those boys have given up, then I realize that nothing we can do is too much. Surely, we can collect these few dollars for the boys."

Dr. Bennett then explained the organization and purposes of the USO. It is a non-secretarian organization whose only reason for its existence is to make the lives of our soldiers a little more enjoyable.

The USO is composed of groups from the YMCA, YWCA, Salvation Army, the Catholic church, the Jewish church, and the Protestant churches; and its centers—no matter what group runs them—are never designated as a group center but as a USO center.

Dr. Bennett reported that every USO center he had visited was constantly in use and that he never heard a word of criticism from any soldier. He talked with about 500 activists.

Quotas Explained

After Dr. Bennett's, during talk, R. L. Meermans, vice-president of the local USO committee, explained the quotas and passed out slips and buttons to the various committees. He was aided by Emanuel Shenkan, the other vice-president of the USO committee.

Rodger W. Rowland closed the organizational meeting with a profession of faith in the people of Lawrence county. "We have been asked," he said, "to collect \$32,000 in a month. I think we can do it in two weeks if we do it for our boys. Remember, there are 3,000 boys from the county in service right now. Let's go all out in two weeks."

U. S. SUBS STRIKING JAP SHIPPING

(Continued From Page One)

types of vessels were sunk during the same period by naval aircraft and surface warships.

Twenty-four enemy vessels, including seven warships, have been reported sunk by U. S. subs since Feb. 28. The successful attacks were made in scattered areas, from the Indian ocean to Japan itself.

Extended Lines

Naval men explained that the mounting toll of enemy shipping is the result of extended Japanese communication lines indicating that the enemy no longer is able to provide adequate convoy protection for all its shipping while carrying out fresh invasion thrusts.

Added to the heavy toll of Japanese warships and auxiliary and supply vessels in the Coral sea battle, the latest sinkings by submarines are significant of the trend in the battle of the Pacific. At least 21 ships of all types were sunk and damaged in this engagement.

Japan's shipyard facilities are inferior to those of the United States and naval experts believe that the whittling process which has been going on eventually should prove the decisive factor in the American-Japanese war.

Another defeat similar to the one handed Japan last week in the Solomon Island area may prove the turning point in the Pacific conflict and force Nippon on the defensive in the areas conquered to date.

DAVIS IS HELD AFTER SHOOTING

made an information before Alderman J. C. Bice charging Heitger with surety of the peace, it is stated.

One bullet entered Heitger's left arm and the other the left leg, the bone of which was broken. Four other shots missed. However, Davis also injured Heitger again when he struck him on the head with the gun, police say. Davis told police he fired when Heitger made a gesture as though to strike him.

Davis told police Heitger had been bothering around his home for some time. Learning Heitger was nearby last night, Davis got his revolver, went toward him, shouted "I want to talk to you" and when Heitger reportedly made a move as though to strike him, Davis opened fire, he said.

Fire Chief's assistant, George Harper, heard the shots ran to the scene, received the weapon from Davis, then helped Pete Byers, youth who was nearby, put Heitger in Byers' car and with Davis in custody, had the wounded man driven to the Jameson Memorial hospital.

Lieutenant of Police Jones and a squad of police arrived and Harper turned Davis over to police.

One of the bullets, 45 calibre, entered the bedroom of a nearby home, police were informed today.

A cold wave, according to United States standards, is a fall of at least 20 degrees in temperature in 24 hours, bringing the temperature below freezing point.

READING CIRCLE HISTORY REVIEWED

"A Review of the Years" featured the program of the Reading Circle, which met Monday afternoon at the home of Mrs. Preston Flannery, of East Moody avenue.

After a short business meeting, over which Mrs. Wayne D. Stutzinger presided, the years of the Reading Circle, from its beginning in 1888, were reviewed by Mrs. Lewis D. Haught. She read some of the programs of the club's early years and some of the old-time newspaper clippings of the club's doings. Members enjoyed the review of the historical background of their organization.

A paper on "The Diamond Industry" by Mrs. Henry Stone, stressed the importance of the use of diamonds in modern warfare, as for example, the necessity for their use in making some precision machine parts.

Mrs. W. E. Ferver reviewed two short articles, one on "The Soldier and His Recreation," the other on "The Soldier and His Quarters," both of which were interesting.

Next meeting and the last of the year, on May 25, will be a tea at the home of Mrs. Wilbur Flannery, 1511 Highland avenue.

MRS. HAROLD GLENN HONORED BY CLASS

Honoring their instructress, Mrs. Harold Glenn, who taught food nutrition in the Red Cross chapter house, which was completed recently, members of the group gathered in the Elks club on Saturday afternoon for a one o'clock luncheon.

The occasion was most informal, and after the serving of a tasty menu, the honoree was presented with a gift as a token of appreciation for her services in the past.

INTERNATIONAL STUDY GROUP PLANS MEETING

The International Relations department of the Woman's club will meet at the home of Mrs. H. S. Kirk, 305 Highland avenue, Wednesday afternoon at 2 o'clock, continuing the study of "Organization of the Peace."

Miss Marguerite White will lead a discussion on the "Nature of Peace." Mrs. J. Clyde Giffman will act as leader for the topic, "A Unifying Ideal." Mrs. W. W. Duff will report on "India—A Political Premier."

The meeting is open to interested members of the Woman's club.

CURRENT EVENTS '06 CLASS HAS MEETING

Hints on health was the answer to roll call of the Current Events class '06 meeting conducted Monday afternoon at the residence of Mrs. W. H. Humphrey, 202 Fairfield avenue.

Fifteen members were present, and current events topics were discussed. A party was planned for the next meeting at the home of Mrs. J. D. Ingham, 1410 Nesannock boulevard.

Committee members include: Mrs. C. G. Martin, Mrs. R. L. Hildebrand and Mrs. Clarence Aiken. Mrs. James Ray and Mrs. Howard Humphrey will have charge of the entertainment.

Kable-Ashton Auxiliary Members of the Kable-Ashton Auxiliary of Post No. 3 of the Society of the 28th Division of the A. E. F. will have a family party in the V. F. W. hall, 126 1/2 East Washington street, Thursday evening, May 14.

There will be games of various kinds, prizes will be given and a lunch will be served. Former members and families will attend.

TIMELY TOPICS: CURRENT EVENTS

Members of the Current Events Class met Monday afternoon with Mrs. Frank R. Woods, of Sheridan avenue, for a discussion of topics of the times.

Roll call was answered with a recent current event. This was followed by a discussion of current happenings, with the president, Mrs. Charles T. Metzler, in charge.

Mrs. L. C. Black gave the report of the nominating committee. Mrs. Black and Mrs. Russell Shields were the critics for the day.

A special guest was Miss Henrietta Woods.

Next meeting will be a one o'clock luncheon at the Elks Club, which will mark the closing meeting of the year. Mrs. Louis H. Gordon and Miss Nora Bough are in charge of reservations.

AIR HOSTESS BRIDE OF PILOT, OF INTEREST HERE

Of interest to many in this locality, is the news telling of the marriage of Miss Donna VanHorn, daughter of Mr. and Mrs. C. R. VanHorn, of Potomac Drive, Youngstown, O., and formerly of Garfield avenue, this city, who became the bride of Rufus P. March, Jr., son of Mr. and Mrs. R. P. March of El Paso, Texas.

The couple was united in a pretty ceremony in St. Luke's church of Youngstown, O., on Saturday afternoon, May 9, at 2:30 o'clock in the afternoon. Rev. Maynard Stull, rector, officiated and the single ring service was used.

Mr. and Mrs. James VanGorder, a bride and bridegroom of about one week, were their attendants, she being the former Maurine Smith of this city.

The bride was attired in a pouf-dre' blue steel length dress, with accompaniments in yellow, and her shoulder corsage was of roses and valley lilies. Mrs. VanGorder was attired in a Navy blue dress with white accessories, complemented with a shoulder bouquet of pink roses. Appropriate nuptial music was provided by the organist, who played "I Love You," "Because," "Lohengrin's Chorus" and Mendelssohn's March.

A reception followed at the home of the bride's parents, for members of the immediate families. The nuptial theme was used effectively in the appointments throughout.

The bride is a graduate of New Castle High school with the class of '36 and of the Pittsburgh Children's Hospital in 1939. She is engaged as a TWA Air Hostess with headquarters at Kansas City. The bridegroom, who attended the University of Texas, is an air pilot of the Mid-Continent Air Lines, also of Kansas City.

Mr. and Mrs. March flew by plane to Chicago, and upon returning, will be at home to friends after May 15, at 2912 West 69th street, Mission, Kansas.

FEDERATION BOARD MEETING WEDNESDAY

There will be an important meeting of the executive board of the Lawrence County Federation of Women's Clubs, on Wednesday afternoon at 2 o'clock, in the club room on third floor of the Y.W.C.A. Mrs. Arthur P. Vincent of Slippery Rock, vice-president of the South Western District, and Mrs. Harry Wilson, state finance officer from Clarion, will be present.

Music Club Presents "The Song Of Hiawatha"

The fact that there is another evolution occurring in the United States besides the social and economic evolution; that of culture of new appreciation of music, which is overspreading the country, was most apparent, judging from the attendance showing at George Washington junior high school, when the Music Club presented in the auditorium "The Song of Hiawatha" by Henry Wadsworth Longfellow, set to music by Samuel Coleridge Taylor.

The concert, under the auspices of the Music Club, was definite proof that New Castle is in line with other cities of this country in keeping up the morale of the people, through such fine music heard last evening.

The appreciative audience was completely in accord, as "The Song of Hiawatha" was beautifully unfolded. It was magnificently sung by the chorus of 60 voices, under the capable directorship of Mrs. William J. Caldwell. All the numbers were interspersed excellently and Mrs. Caldwell is to be commended very highly for her efficient work with the chorus the past two seasons.

Soloists, Mrs. L. Paul Friend, Mrs. Caldwell, Andrew DeLorenzo and William J. Caldwell, sang at their best, employing great skill and feeling. Mrs. Richard K. Allen, accompanist, with her brilliant and orchestral playing, gave fitting support throughout the entire concert.

Mrs. Gussie Owens Gordon of Oakmont, formerly of this city, as narrator was inspiring. Her perfect diction carried her audience off in complete silence. The harmonious combination of reading and music produced very gratifying entertainment.

The entire presentation was one of which New Castle can be proud, and those in charge as well as those who took part can take a bow for their fine showmanship. It was most evident much work and time were involved in making the concert possible.

The proceeds will be used toward the fund of which the Music Club is purchasing for use by lovers of music in this locality for years to come. The Music Club is an organization that has always taken a keen interest in fine art, and their programs given monthly are carefully planned throughout the year, thus endeavoring to retain the high standard of music which they have successfully established.

MOORE-McCLURE EVENT AT YOUNGSTOWN, OHIO

News is received here of the marriage of Marjorie Jane Moore, daughter of Mrs. W. E. Cochran of 704 East 80th street, Chicago, and granddaughter of Mrs. W. H. Britton of 138 East Moody avenue, this city, to Philip McClure, son of Mrs. Alice McClure of West Clayton street, the ceremony having taken place in Youngstown, O., on Wednesday, May 6.

The vows were exchanged at 8:45 o'clock in the evening, in the Evergreen Presbyterian church at Youngstown, with the Rev. Martin L. Gerhardt, officiating. The single ring service was used.

As their attendants, the couple had Winifred Cochran of Chicago, Ill., sister of the bride, and Oliver Hockan of Walpole, this vicinity, who is serving in the United States army forces.

Preceding the ceremony however, a wedding supper was served at 6:30 o'clock, in the home of the bride's sister and brother-in-law, Mr. and Mrs. Lloyd Coblentz of Gladfield Road, Boardman, O. The nuptial theme predominated in the appointments throughout.

Immediately following the ceremony, the newlyweds left on a few days trip to Cleveland, O.

The bride is an employee of the county treasurer, R. McKibben, and the bridegroom is with the U.S. navy, stationed in South Carolina. Both are graduates of New Castle Senior High school.

MARY ORLANDO CHOSEN NURSES' MAY QUEEN

ALEXANDER-USSELTON WEDDING ANNOUNCED

Mr. and Mrs. John W. Alexander, of 825 Harrison street, announce the marriage of their daughter, Miss Ida, to Howard Usseltson, son of Mr. and Mrs. Henry D. Usseltson, of Nesannock avenue, on May 11, 1942.

The ceremony took place in the Third United Presbyterian church here, when the pastor, Rev. C. H. Thayer, officiated. The couple were unattended.

The bride looked very attractive in a robin egg blue steel length dress, with beige accessories, and carried a corsage of Tallman roses and lilies of the valley.

Immediately following the ceremony, Mr. and Mrs. Usseltson departed on a few days trip, and upon their return will reside temporarily at the home of the groom's parents, on Nesannock avenue.

The bride is a graduate of New Castle High school, class of 1933, and is employed at Mrs. George Goebel's grocery store, Court Line street. The groom also attended New Castle High school, and is associated with the Lawrence Laundry Company, this city.

MARY CHILL CHOSEN SODALITY MAY QUEEN

At a recent meeting of the Our Lady's Sodality of St. Vitus church Mary Chill was chosen as May queen, the crowning to take place this month.

The attendants and procession will be announced later. On Sunday, 35 members attended the World Wide Sodality rally conducted at St. Paul's Cathedral, Pittsburgh. Mary Chill was the representative of the Sodality. Sunday morning the Sodality also attended holy communion in a body with their mothers.

On Thursday evening May 14 the Sodality will have a Mother's Day program in the church basement, and mothers of Sodality will be guests, in addition to other special guests. Dainty refreshments will be served later.

BACK OVER HIS SCORCHED EARTH

THE sudden smashing drive back toward Mandalay of General Stilwell's Chinese forces, while part of a fluctuating and inconclusive situation, is nevertheless heartening as further proof of the offensive spirit needed to win the war.

It was that spirit which characterized, and glorified the American and Filipino heroes who held on at Bataan and Corregidor for months and it has repeatedly marked Chiang Kai-shek's fighting men in the long and bitter struggle in China itself.

To achieve final victories over the Japs will require at least more equal terms in men and weapons. That will take time. But the fighting qualities of the Chinese have been fully demonstrated before and are being splendidly exhibited in the current battles along the Burma-China border.

They drive home the necessity to continue and increase the flow of arms to Chiang Kai-shek's armies, however great the problem involved may be. The Chinese soldier has more than proved himself with the limited weapons at his command. With modern ones and plenty of them, he can sweep the Japs into the China Sea.

IRON RESTRICTIONS

Restriction on the manufacture of commodities made of iron, to begin this spring, will add in a striking manner to the enormous use of old articles now in progress in this country. Americans more than any other nation incorporate metal objects in its daily activities in city house and farm home, as well as in industry commerce and transport.

Not long ago when the factor of heavy supply, termed over-production, appeared to be swamping demand, termed under-consumption, the shibboleth was that consumption should be stimulated by a wholesale replacement of metal articles by better and more up-to-date utensils and implements.

America already inclined markedly in that direction. This country immemorably has like the new and has been eager to discard the old. A right-about-face in this attitude appears imminent. Under the stress of war economy, expressed in government regulations, the population will begin to make old instruments answer and to keep their conservation in mind while using them.

The American cultivator of a kitchen garden who handles his hoe with the idea of making the hoe last as long as possible is something new in the United States.

SPRING TIME MAY BE BOMB TIME!

It is not probable that bombs will fall on our communities. Enemy bombers would have to fly a long way to get here. Nevertheless, it could happen and we know that such things have happened in many parts of the world. Since it is possible, it is necessary for us to prepare to minimize the damage that would result. No forward-looking town wants to be caught unprepared.

What we usually think of at this time of the year is spring clean-up. And we could not act on a better thought this year, say the engineers of the National Board of Fire Underwriters, who have studied the possibilities of bombing damage. They say that every citizen should give his premises a thorough spring cleaning. In this way chances of accidental fire will be cut down, and in addition, we will be safer if an enemy attack comes.

It is suggested that attics, especially, be cleaned out thoroughly. Even trained firemen would have difficulty putting out fires ignited by incendiary bombs in an attic cluttered with discarded furniture, piles of paper and old clothing. The National Board also recommends that each citizen prepare to extinguish fire bombs. For this purpose it is best to have a suitable connection and a hose long enough to reach the attic. Only a spray of water should be used on the bomb itself. Another recommendation is to cooperate fully with air raid wardens. Comply with all their suggestions and rules.

This year America must be prepared for any eventuality. Spring clean-up is more important than ever.

RAIL SERVICE PROBLEMS

Railroad travel de luxe will soon be definitely "out" for the duration. Nowhere else in the world have long land journeys for the easily circumvented been attended by all the comforts of home, and by many home does not possess.

The streamlined all-pullman flyer with lounge and club cars, barber shop, bath rooms, diners and bars is distinctly an American institution. So is the obliging hostess, introducing the bashful, making up four at bridge, pointing up lagging conversation and suggesting books for the solitary.

In the United States travel distances are greater than in Europe, and American dollars have been spent freely to make the time seem short on trips between North and South and coast and coast.

Now Joseph B. Eastman, Director of Defense Transportation, warns that a change is coming, and quickly. High-speed duplicating service on competing lines must be limited, schedules will be lengthened to include more stops. Luxury equipment on trains will be reduced, if not eliminated. Nothing can be permitted to interfere with military and essential civilian travel.

Rationing of gasoline for motor cars, certain to be applied in the East on May 15 and probably in the rest of the nation later, will put a much heavier burden on commuting and all other trains. There is no ignoring the fact that the war will sharply condition the habits of the great traveling public.

Americans have been great travelers since the days of the frontiers and the covered wagon. And in its journeyings each generation has enjoyed the thought of how much better off it was than its predecessors, as evidenced by the quick popularity of travel by air. But there is not the slightest doubt the new travel restrictions will be received without much complaint by those who realize that their own relative inconvenience is a direct contribution to winning the war.

The Parent Problem

By Garry C. Myers, Ph. D.

BAD MANNERS OF SCHOOL CHILDREN

In this column I have for years pleaded with parents to teach children as persons, not to make fun of them nor ridicule their serious opinions or remarks. I have done so, too, from the platform and in my books. I shall continue to do so.

This does not mean that children should not learn to exercise proper deference to their parents and other adults. We can duly respect the rights and feelings of the baby, child and youth and still guide him into proper attitudes toward us and other grown-ups. If we treat him with regard we ought to be able to cultivate in him a proper regard for us. Yet this desirable result does not always follow.

It certainly is apparent that many children and youths are very disrespectful of adults even of those who are most considerate. In various towns and cities in these United States I have walked about junior and senior high school buildings where boys and girls were coming out or going in. Nearly always, if several youths are walking toward you on the sidewalk, two or more abreast, not one falls back or steps aside to let you pass. You must step out yourself if you are to pass at all. It makes little or no difference whether you happen to be walking with a lady or walking alone. These youths act in the same way toward their own school-mates.

Bad Behavior

Also in various places in the United States I have watched school children of various ages board a bus or trolley car. They usually crowd and push. Rarely does any one stand back to wait for a third man or woman with a bundle, or even for a mother with a child-in-arms. Also I have been on a bus or trolley car as school children have crowded into it. They rush for the vacant seats with no apparent concern about older or more deserving persons. Sometimes these crowding youngsters will play primitive games of pushing or tagging while on the bus or car, talk very loudly or call to one another at a distance.

These types of boorish conduct are not limited to children in the poorer sections. Indeed, if there is any group that is generally worse than any other it seems to be the children and youth from the better economic areas. Many teachers in various parts of the United States who have taught both in a poorer section (economically) and also in a well-to-do area have told me that children in the latter group have far less regard for a teacher as a rule than in the former. Yet one might reasonably expect to find the best manners in public from those who live in the better area economically.

How about the philosophy of no-restraint in the home? Is it not more widely accepted and practiced in the so-called better areas? In the Good Book is the parable of the talents. Should we not expect best conduct and citizenship from those children whose parents have the more advantage in education, family and cultural opportunities? Does not the child lose something if he is not taught to be reasonably considerate to adults? Should we parents not look into this matter carefully? And might not the school do something about it?

A selected list of books on manners for children, youths and adults may be had without cost to you, by writing me at 235 East 45th Street, New York City, enclosing a self-addressed envelope with a three-cent stamp on it.

Solving Parent Problems
Q. My daughter 15 years old is very angry at me for having read some things in her diary. How may I change this attitude in her?
A. Don't try to change your own attitude. Do not stoop so low as to read her diary or letters unless she asks you to do so. Put yourself in that daughter's place. Then you will see how you would feel and act.

BUT... THANKS, ANYWAY

A certain railroad vice president, sighting from his special car at a small terminal and having nothing else to do, engaged in conversation with the first employee he met. The latter happened to be an elderly man in overalls. The official inquired: "How long have you worked for this road?"

"Forty-two years," was the reply. "How much do you make?"

"Forty cents an hour."

"And how much did you make when you first came to work for us?"

"Forty cents an hour."

The vice president marveled. Indeed, the incident so proved on him that at the next board meeting he suggested something be done for the employee who had labored 42 years at 40 cents an hour. It was agreed to retire the employee so he was honored by an invitation to appear at the next meeting of the board, where he was presented with a substantial bonus check which he fingered bewilderedly.

To relieve his evident embarrassment and uncertainty, the president asked: "By the way, what is your job with our line?"

"And what did you do that for?" asked the president beamingly.

"I'm sure I don't know."

Now that everybody, or nearly everybody, is for the president, the cartoonists could make a gesture of respect by reducing the Roosevelt chin when they draw him.

What's What At A Glance

Russia May Be Big Problem At End Of War
Hitler Will Not Cause Very Much Concern
Der Fuehrer Will Be Liquidated Quickly

By CHARLES F. STEWART
Central Press Columnist

WASHINGTON, May 12.—It'll be easy enough to think up some proper disposition to be made of Herr Hitler when the Axis is liquidated. He'll have to be liquidated, naturally. Maybe the Germans themselves will attend to it, as soon as they see the war turning definitely against them. Or perhaps he'll bump himself off.

It's a Teutonic custom in such situations. If neither of these things happens, it'll be up to the United Nations to choose some disposition for him. They won't necessarily kill him, but anyway, he'll be permanently marooned, or locked up—perhaps in a lunatic asylum. It's been suggested already that he's eligible for a berth in such an institution.

These are details, though. No problem involved except the mere matter of choosing between 'em. Signor Mussolini figures in no puzzle whatever. He's been ordered into nothingness independently of any external influence—unless it's Adolf's influence. A kick in the pants is all he'll require upon peace's restoration.

How About Laval?

Pierre Laval's hated and despised of course, but you don't think of capital punishment for a crooked little office kid.

No individual Jap is readily available to hold responsible for Nippon's hook-up with the Axis. It's unlikely that Mikado Hirohito had a word to say about it. Japan was jerked in by a class, and about the only way to put a period to it is by the complete squelching of the forces it's affiliated with. Well, luck, em and Japan's luck.

Spain's got a dictator in Caudillo Franco, of much the same sort as Fuehrer Hitler, and Duce Mussolini. He undoubtedly would have liked to join 'em, but now sees the writing on the wall and doesn't care to risk it.

To sum up—

The democrats have on their hands Fuehrer Hitler, Duce Mussolini, the Japs and as a wishy-washy ace-in-the-hole, Caudillo Franco.

There are all enemies or potential enemies of ours, and of the rest of the democracies and, at the war's end, it'll be perfect pie for us to know how to treat 'em.

But Comrade Josef Stalin—and a whole string of explanation points.

It's a matter of only months since we lated Joe as a perfect ogre.

HOW WE DO IT

Technically it is a concentration camp—that new boom city of interned Japanese civilians at Manzanar in California.

Now, in Nazism, the term "concentration camp" connotes brutality, privation, filth, disease, hopelessness, but from Manzanar, in Japanese school-boy style, Emon Tatsui of Hollywood, wrote the other day to his former employer, movie executive Murphy McHenry.

"Nice place to live. It better than Hollywood. No blackout in here. There are liberty, safe and build up new life. Hundreds of carpenter. Hundreds plumber. Hundreds so and so working hard to build up (over) ball ground. Baseball field. Swimming pool. School building. Dance-room. About start building, then movie is next."

The actions of a nation like those of a man, reveal its character. A civilized nation could only treat interned enemy aliens in a humane and generous manner. But decency isn't to be mistaken for weakness—as one Jap General must have reflected ruefully before MacArthur's toughness drove him to suicide!

WASHINGTON — Lord Halifax, British ambassador assures the peoples of the invaded low countries: "We must strike force is being built up in the British Isles. On the appointed day it will surge forward irresistibly and break the chains that the Nazis have tied to fasten on you."

HAMILTON, N. Y.—Dr. George Barron Clifton, retiring president of Colgate University calls for a stern, rare of men: "Take away the flaccid and flabby and give us men upon whom we can rely. Take away the comfort seekers and give us burden bearers. Take away the trail and make and restore the strong and efficient."

WASHINGTON — Rep. George Bender of Ohio demands that civilian defense be considered a major mission of the war: "We must mobilize every man and woman for his or her part in civilian defense. American planes have been reported in action over German and Japanese cities. With this background, it would be criminal to pretend that our mainland cannot be bombed."

SOUTH BEND—J. Edgar Hoover, chief of the FBI, warns against fifth columnists: "Foreign agents have bored like termites deep into our social structure with a brazenness that was as daring as the butters of Hitler's blood-crazed forces."

RUMOR
Rumor is a ghastly foe.
Choke it every chance you get!
Whispering that it cannot know.
Stop it wherever it is loosed!
All its messages are vague.
Planned to scatter fear and doubt.
Worse than pestilence or plague.
Never let it spread about.

Rumor knows a man who knows.
Some one else, who saw or heard.
Matters helpful to our foes.
Stop it at the opening word!
Rumor whispers "all is lost!"
Rumor shatters faith with lies.
Every blunder and its cost.
Rumor treble magnifies.

Spread no tale that rumor starts.
Trust our fine heroic warriors.
Rumor might but fear imparts.
Wait with patience for the truth.
Fast and far will rumor fly.
Deadlier than flame and shot.
When we meet it, you and I.
Ought to choke it on the spot!

The Need To Police

Washington, May 12.

ONE OF THE chief things which the Office of Facts and Figures strives to promote is confidence in the administration. However humble puppyish the methods used, everybody will agree that the objective is sound. Lack of confidence is a wartime weakness to remedy the lack is a public service.

BUT THE administration appears to this problem is wrong. The way to get confidence is to deserve it. Confidence built wholly on propaganda and without sound foundation is certain to crumble soon or late with unpleasant consequences.

Instead of insisting upon a blind faith in those clothed with power, and trying to make it appear wicked to discuss their sins of omission or commission, better results would be had if the causes for mistrust were removed.

THAT THOUGHT seems not to occur to the gentlemen engaged in promoting civilian morale. Yet it is a very simple one. In these days of painful taxation, it must be clear to all save the most obtuse that the thing most destructive of public confidence is suspicion that the public funds are being squandered.

That favoritism and personal relationships influence important policies and posts, that a good deal that is not on the level goes on behind the scenes in Washington. It is little things rather than big ones that breed these suspicions.

THE MAYRIS CHANEY incident was little in itself. Yet it thoroughly irritated the nation to discover that Mrs. Roosevelt had put one of her dancing proteges on the payroll to do a silly thing. The effect of this and a few other "little things" was so bad that Mrs. Roosevelt had to resign. Mrs. Chaney disappeared and an overhauling of the whole OGD was forced. The public irritation was reflected in a shrinkage in bond sales and in other ways. If drastic measures had not been taken, these "little things" would have reduced public confidence to a very low state.

NOW ANOTHER "little thing" has happened. Probably it will not irritate people as much as the Chaney affair, but it certainly will not increase public confidence. It was developed by a House committee that while Mrs. Anna Rosenberg of New York is receiving a \$7500 federal salary as a regional director of the Social Security Board, she is making \$28,000 on the (Continued On Page Five)

New Program To Increase Heavy Fuel Oil Supplies In East

Petroleum Coordinator Would Make Change At Expense Of Gasoline Supply

WASHINGTON, May 12.—A new program to increase heavy fuel oil supplies in the east, at the expense of gasoline was called for today by the office of petroleum coordinator for war.

The program provides for:

1. Formation of a joint tank car subcommittee for the East, Middle West and Gulf Coast district, to obtain maximum efficiency in the use of all tank cars employed by the petroleum industry.
2. Movement of 75,000 additional barrels of heavy fuel oil daily from the Gulf Coast and 75,000 barrels daily from the Middle West.
3. Arrangement of East Coast delivery operations to that minimum amounts of crude oil shall be used by refineries which are making petroleum war products and so that heavy fuel oil production will be increased at the expense of gasoline.
4. Apportionment of crude supplies among East Coast refineries so that all shall receive amount in proportion to their runs during the last six months of 1941.
5. Movement of an additional 100,000 barrels of east Texas crude oil into the east daily in order that refinery operations in this area may be maintained at 400,000 barrels.
6. Movement of 10,000 additional barrels of gasoline daily to the east by Great Lakes tankers.
7. Supplying of the southeastern states from points on the Gulf Coast and Mississippi river.

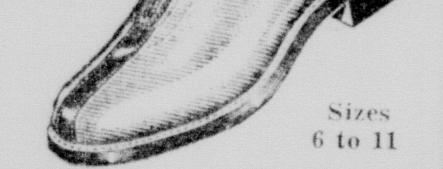

The plan for supplying the southeast affects the states of Virginia, North and South Carolina, Georgia, Florida, Alabama and Mississippi.

It was brought here by Miss Elizabeth Kenny, a nurse.

For years she has been preventing deformity in poliomyelitis.

The great dread of infantile paralysis has been its crippling.

Nurse Kenny's simple method seemed too good to be true.

It consists of warm, moist applications to the affected parts.

Then passive and later active motion to muscles and joints.

Miss Kenny has been teaching her treatment here for 18 months.

American physicians have wholeheartedly accepted her method.

Splints are not used in this Australian nurse's technique.

Legion Changes Convention Site For Convention

(International News Service)
CHICAGO, May 12.—The first war-time national convention of the American Legion, expected to see a minimum of the fun-making and horse-play that characterized such conventions of other years, today was awarded to Indianapolis, Ind., subject to approval of the Legion's national executive committee.

Originally scheduled for New Orleans, the organization's 1942 meeting was changed to the Indiana City because of war transportation and other problems which led Legion officers to look for an inland site for the session.

The dates were set as September 19, 20 and 21.

Indianapolis was selected after two days of discussion by a special Legion convention committee which met in Chicago and conferred with representatives from the office of defense transportation and the interstate commerce commission.

Court Must Decide Legality Of Act Aiding Dependents

Mayor Says He Will Not Vote Giving Half Pay To Parents

Morris Sigler, Lyndal street, father of Policeman George Sigler, who recently entered military service and to whom the policeman asked the city to pay \$30 monthly, in line with reported provisions of a state act of 1917, appeared before council Monday, at the latter's request.

Quizzed by Mayor Charles B. Mayne and colleagues, Sigler said his son each week had paid \$10.00 to his parents toward their support. The elder Sigler said he was in the junk business, which was not good as formerly and he was not in good health. He is 54 years old.

Councilman Albert Hoyland declared two widows, one with two sons in military service, recently had requested exemption from the penalty and interest on back taxes which council refused. He did not believe it fair he asserted to pay money as requested by police if widows could not be exempted from penalty and interest on back taxes.

Mayor Mayne asserted that each case must stand upon its own feet and added that he would not vote to pay one half the salary of city employees to reported dependents unless the matter was decided by a court.

He asserted "the state legislature had made themselves good fellows but had not prescribed how the city should get the money to do this. Further, he alleged that he could find flaws in the requests for one-half the wage of city employees inducted into service.

Indicate Street As New City Engineer

Enabling Legislation For Salary Is Enroute Through Council

City fathers convened Monday in city hall and reported favorably from committee a bill which provides for the appointment of John Z. Street as acting engineer at a salary of \$250 monthly until 1943 and \$275 monthly for the 12 months following.

After the bill becomes an ordinance Street will be elected as city engineer. It was indicated, to fill the unexpired term of Glenn R. Throop who has accepted another position.

Monday's action was taken in view of a legal barrier which prevents increasing a salary after a person had been elected to office.

side from private corporations and individuals, including \$6,000 a year from Mr. Nelson Rockefeller, head of the glamorous "Good Will" organization, which is believed by many to spend more money with less results than any other agency of the government. Mrs. Rosenberg says the \$6,000 she gets from Mr. Rockefeller is not a second government salary but a personal one from him for acting as his "public relations representative." She is, however, a member of the advisory council of the office of Inter-American Affairs which is the Rockefeller organization. At any rate, Mrs. Rosenberg's total "take" is \$36,000 a year, which shows that she is doing all right for herself.

CHIEFLY, MRS. ROSENBERG is known in Washington as a labor advisor to the president. She is a frequent White House visitor; sits in on all White House labor conferences and is said by men who know to have more influence with Mr. Roosevelt on labor matters than anyone else. It was not generally known that she had any paid federal position, but perhaps she earns what she gets from all sources and if she has capitalized her White House connection to make large money on the side she has an illustrious precedent in the person of Mrs. Roosevelt.

HER explanation that the \$6,000 from Mr. Rockefeller is not government money enables her to avoid clashing with the "dual-salary" law passed in 1916, but it does not enhance the attractiveness of a full-time \$7,500 government employee making \$28,000 on the outside. The answer of administrationists is to ask why bother with such small things when such big things are happening? That, of course, is merely an evasion. These things are not unimportant. They are important because they are symbolic. There are far too many of them—too many sons-in-law, brothers-in-law, sisters-in-law, wives, widows and friends, male and female, who are on the pay roll and who ought not to be there. No one knows how many of these there are, but everybody knows there are plenty. Every now and then a startling case is revealed and the effect is bad.

INSTEAD OF using the government's vast publicity army to convince the people that everybody on the pay rolls is competent, unselfish and needed, and then having it shown that this is not true, it would seem the part of wisdom for those concerned with civilian morale to make such disclosures impossible. And the way to make them impossible lies not in covering them up, because that can't be done. And it is not in keeping the newspapers from printing the disclosures, because that can't be done either, though there are some who will always try. If these things exist they should be disclosed and they should be printed and they should be resented. The way to keep these cases from disturbing public confidence is not to have such cases. A finer service than weeding them out could hardly be performed. Such a job would be a real contribution to winning the war, and it is a lot more simple, practical and inexpensive than many of the fanciful schemes with which the propagandists are now engaged. Sometime ago, Mr. MacLeish made a speech in which he urged the American press to police itself. What about the administration of which he is a part, policing itself a little? The need is great.

gressional Dies committee, poking into mixed Communist-Nazi-Fascist edition in the United States and the administration's having a heck of a time choking off the communist fraction of it.

Why, because Comrade Stalin's communist Russia now is pro-democratic.

How It Happened

What makes it pro-democratic?

Is it because it always was democratic? or because it's communism is anti-Hitler and anti-Mussolini?

Heck, no.

It's because Adolf launched it (without declaring war), against Josef.

Up to that juncture Josef was pro-Adolf.

It was a dirty trick on Adolf's part, needless to say, but how does that make Josef so good a democrat now?

He's perfectly lovely, though, diplomatically.

He used to be gruffer than hades to the United States. Today United States Ambassador Standley reports him as the most affable diplomat on earth.

The query is:

When the war's over:

Will Russia be a democracy?

If so, o. k.

If not, how'll it and Joe Stalin adapt 'emselves to the post-war regime?

W. P. B. Delays Move Of Relief Office

The New Castle office of the State Assistance Department has been planning to move from the old knitting mill on South Mill street to more new quarters at 319 South Croton avenue and expected to have been all moved by this time.

However, unexpected difficulties have cropped up from the priorities boards. As soon as the necessary equipment can be obtained from the WPB the long-awaited move will be made.

Need Specialists In Marine Corps

Sergeant John Dean, local Marine recruiting officer, announced today that the U. S. Marine Corps is start-

ing an intensive officer procurement drive and opportunity for commissions exist for many specialists and college graduates. Preference is given to former Marines and to men with Army or Navy service or training.

The Marines are interested in former officers of the Marine Corps, Army, Navy, Coast Guard and Re-

serve units. They want R. O. T. C. graduates, civil engineers, radio officers, Japanese interpreters, material officers, Aeronautics officers, and fighter directors.

For men who have had training in civilian life in any of these branches, there exists a definite opportunity to serve their country in the United States Marine Corps.

Those interested should see Sgt. John Dean in the Post Office Building as soon as possible.

It is impossible for wheat, which was placed in the tombs of ancient Egyptian kings to be planted now and germinate. There is no record of the germination of seeds more than 25 years old.

CHECK BEFORE YOU CHUCK!

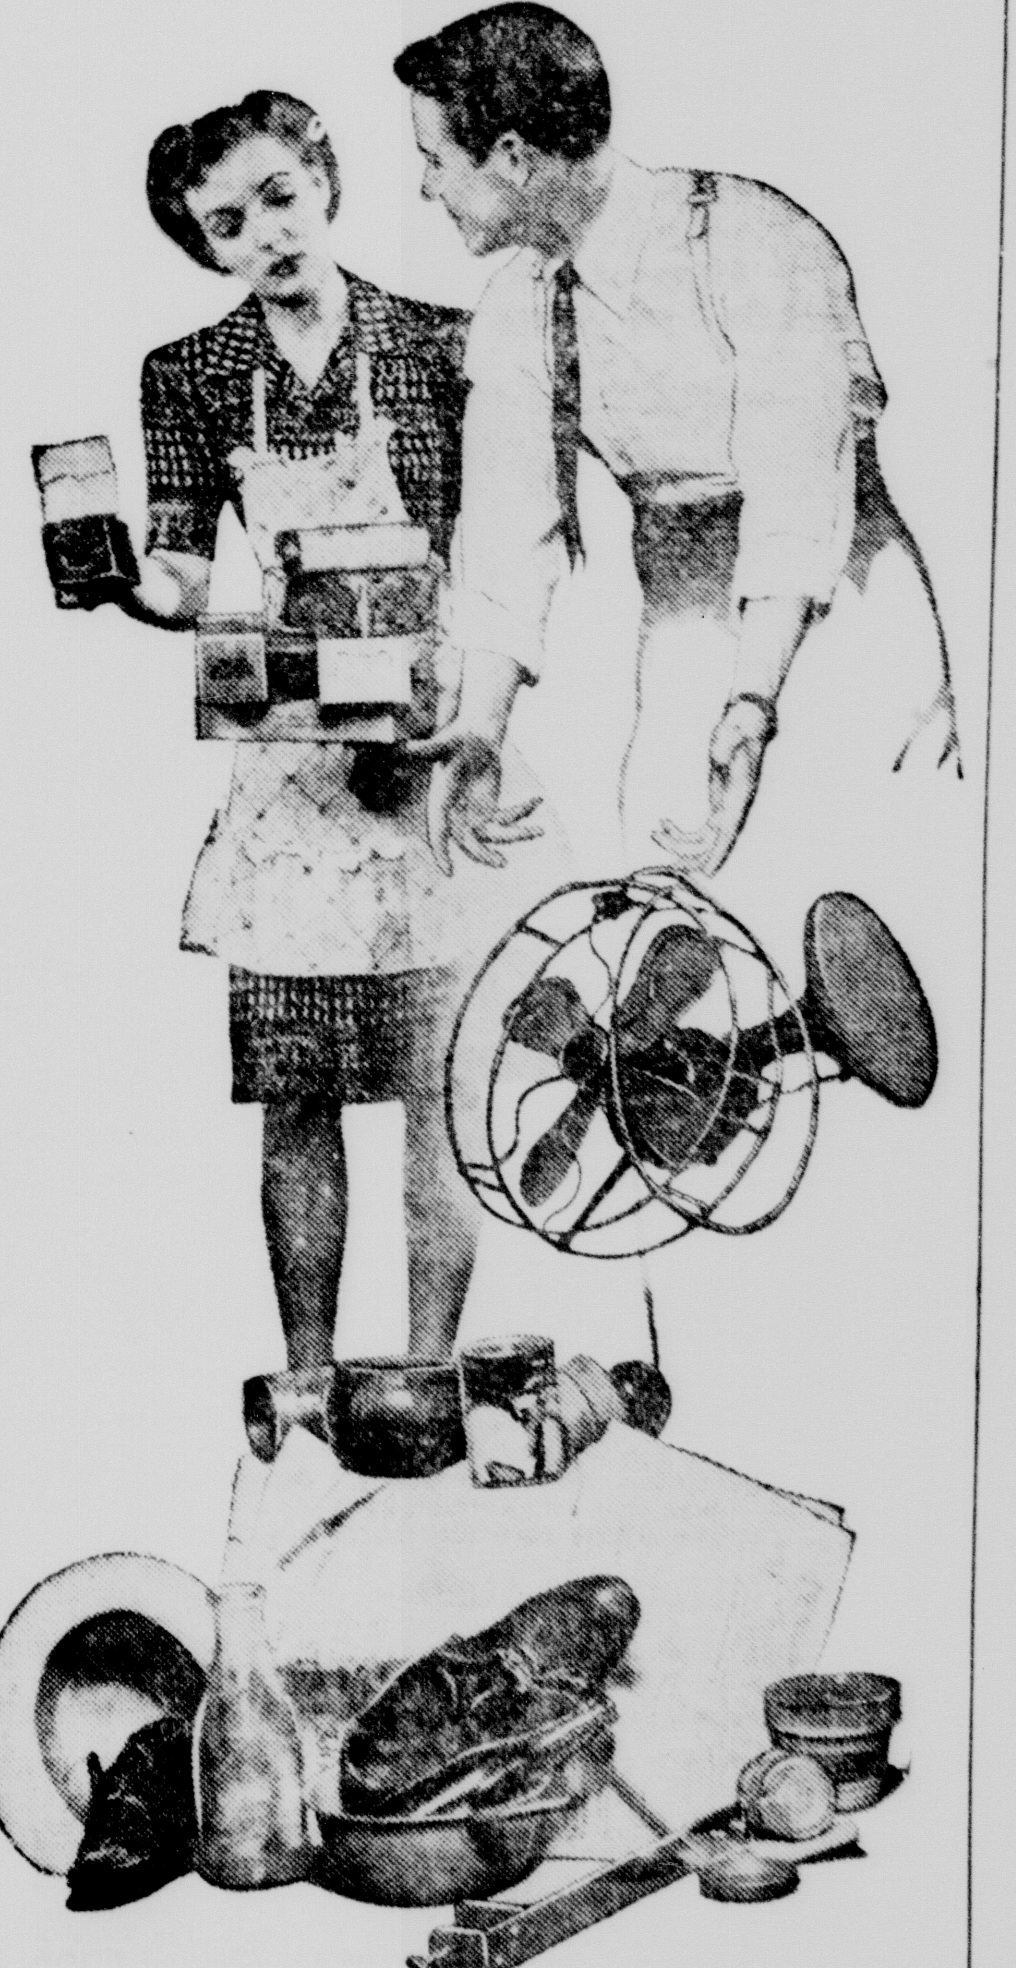

If your favorite electric appliance goes on the blink, don't chuck it in the scrap heap, or stick it away on a high shelf . . . Take it straight to your electric repairman's shop—chances are all it needs is some minor adjustment, done in a jiffy, to set your pet working like new again!

HINTS on HOW to Keep Appliances HUMMING

KEEP THEM CLEAN . . . A small paint brush will remove crumbs if your toaster does not have a removable crumb tray. Wipe off each appliance after use with a damp cloth. Wash inside of refrigerator with baking soda and water each time refrigerator is detrosted.

KEEP CORDS on electric appliances free from knots and kinks. They last longer. Don't yank cord from socket. Loosens wires and may cause short circuits and "blown" fuses.

HAVE APPLIANCES CHECKED periodically—especially your electric range, to make sure it is "sitting level" on the floor, and that wiring is in tip-top shape. Have your electric refrigerator checked before summer if it is more than three years old.

What You Buy With WAR BONDS

The 37 millimeter anti-aircraft gun, together with the 90 millimeter or heavy "jack-sack," comprises the business end of an anti-aircraft battery. The 37 millimeter gun is used on low flying enemy planes. It is completely automatic and costs about \$18,000.

But every American buying War Savings Bonds at \$18.75 each can buy these guns for our national defense. Shells weigh a pound each and burst into fragments as they hit the target. Do your share, hit the Axis by going over the top on your county War Bond quota. Buy War Bonds every pay day.

Married Women Best Workers In War Factories

Such Is Declaration Of President Of National Association Of Manufacturers

(International News Service)
LOS ANGELES, May 12.—Married women make better war plant workers than their unmarried sisters, but both produce a "competitive spirit" among male factory workers, W. P. Witherow, Pittsburgh, Pa., president of the National Association of Manufacturers, said today.

He was in Los Angeles for the fourth annual Southern California industrial conference.

Witherow, optimistic on all phases of the War Production program, said the natural resentment of men against the invasion of women workers had been overcome.

"After a few women had been brought in," he declared, "a sharp change in the attitude of the men was evident. In many cases, the efficiency of the men who had been most outspoken against employment of women showed a pronounced increase."

"This was largely due to the stimulation of the competitive spirit, since the women put on the job were beginning to show the men up."

The N. A. M. president said the men began to improve their appearance and to boast to other departments, in which women were not yet employed, about the efficiency of the little girls.

GERMANS LAUNCH HEAVY DRIVE ON KERCH PENINSULA

(Continued from Page One)

That section of the Crimea undoubtedly will play a vital part in combating the German campaign.

Will Be Aimed At Caucasus
Observers in Moscow interpreted the German onslaught as an indication that the Nazi spring offensive will be aimed at the valuable oil-rich caucuses.

The assault, begun yesterday, may mean the beginning of a grand scale offensive but so far there is insufficient evidence to justify a belief that a major drive is under way.

There was little doubt, however, that the Germans were rousing from the winter-long lull following a Soviet drive five months ago which pushed them back from Kerch, only five miles across the Kerch Straits from the caucuses.

The Soviet announcement of the drive made in the Red army mid-night communiqué, was the first time in several months that the Russians have reported any enemy move as an "offensive action."

"On the Kerch Peninsula," the communiqué said, "the Soviets fought stubborn engagements against the attacking Germans."

The communiqué issued at noon today resumed the laconic phraseology used for months past, stating that "during the night of May 11 nothing of importance took place at the front."

First Stage Of Nazi Offensive

In a dispatch from Stockholm the London Daily Mail said there was little doubt that the Kerch attack was the first stage of the German spring offensive.

(An attack against Rostov, gateway city to the caucuses from the Ukraine, probably will follow almost immediately, it was said. Operations already are developing on a considerable scale on the northwest front south of Leningrad, it was added.)

London, May 12.—Hell has let loose over Bolshevik positions on the Kerch Peninsula, a German military spokesman announced today, according to Reuters' (British) news agency.

Squadron after squadron of German planes are racing over the front, carrying out dive-bombing attacks," the spokesman was quoted as saying.

Earlier, Reuters reported from somewhere on the German frontier that Soviet bombers "in eastern Crimea are heavily attacking enemy troop concentrations and supply columns."

A powerful German offensive was launched on the narrowest part of the Kerch Isthmus where it is only 12 miles wide. The Germans are believed preparing to thrust along the northern shore of the sea of Azov toward Rostov, the dispatch said.

London, May 12.—The German attack on the Kerch Peninsula in the Russian Crimea was launched several days ago and reports indicated that the Nazis made little progress before they were thrown back to their original positions after suffering heavy casualties, an authoritative British spokesman said today.

The Germans, it was said, employed a few divisions, supported by tanks and heavy air attacks. The drive was directed against Russian troops, rather than communications lines, according to the spokesman.

The spokesman declined to speculate on whether the attack was an isolated action or the beginning of a strong offensive.

Will Have Roles In School Play

Last Public Entertainment Of
School Year At Senior
High This Week

Velma Dart David Genkinger

The last public entertainment of the year at the senior high school is scheduled for this week and is a modern comedy by Dana Thomas, "Lease on Liberty." There is a cast of fourteen, with some newcomers to the high school stage and some experienced in previous productions by the dramatics classes.

Velma Dart is cast for the role of Fay, a witty, competent young person who first lands the position of companion to Grammy, the beloved but terror of the Powell household. Later, Fay is discovered by another Powell, much younger than Grammy, and Fay's fortunes take on added interest for the audience up to the final curtain. Velma's interest in the speech arts enrolled her in the forensic contests last year and at that time she won first place in the state for Shakespearean reading. She is the daughter of Mr. and Mrs. Ralph Dart of Croton avenue.

David Genkinger plays the part of a Russian immigrant, ardent in his love of the new land of his choice. As Mischa, he is an Americanization protégé of Grammy's new companion, but the quite unromantic character of this relationship is not clearly understood by the Powell household at first. In this misunderstanding the one of the subplots of the comedy. David's role is a combination of pathos and humor. He is the son of Mr. and Mrs. A. J. Genkinger of Garfield avenue.

JAPANESE FORCES ARE BEATEN BACK IN CHINA DRIVE

(Continued From Page One)

ance," may now be attempting to contract forces driving northward from Mandalay in order to encircle Chinese troops to the east, it was said.

However, the spokesman added, "it remains to be seen which will encircle which," indicating that the Chinese may be in position to close the jaws of a trap on Japanese forces in the Lashio-Yunnan area.

The Japanese rear guard now stands in the vicinity of Mangshih. Two Chinese armies—one advancing eastward from Lashio and the other battling westward across the Salween river—were reported closing the trap on Japanese detachments near Chefang in Yunnan Province of China.

Real Danger To Yunnan

Japanese reservists in the rear are still massed in strength and constitute a real danger to Yunnan, it was said. Minister of information Wang Shih-Chien said that Chinese tactics in Burma were aimed at giving the Japanese no time to consolidate air support, which is of the greatest importance if they are to achieve their objective.

EDITOR'S NOTE: A broadcast by the Nazi-controlled Pacific radio quoted a Tokyo announcement to the effect that Japanese troops are now 31 miles from Chittagong (India).

The Chinese units moving eastward from Lashio were preparing to attack the rear of the Japanese forces and cut off any reinforcements rushing northward in an effort to relieve the trapped troops of Nippon.

In western Yunnan Province, strong Chinese forces starting on the east bank of the Salween were driving west across that river with such impetus that Chinese military quarters in Kunming were confident the Japanese soon would be driven completely out of China and back into Burma.

Estimate Japs Lose 4,500

Loss of an estimated 4,500 men in week-end Chinese counter-blows near Chefang apparently was forcing the Japanese into a general withdrawal movement all along the China-Burma area, despite the dispatching of reinforcements.

Men and supplies were reported to be moving toward Burma from Wanting, the Chinese city just over the Burma border which the Japanese captured last week.

American volunteer group fliers, assisting Chinese land forces in the western Yunnan fighting, shot down two more Japanese planes yesterday, it was reported.

Heavy fighting was in progress today along the Burma road, where Chinese forces intercepted strong Japanese reinforcements.

Meanwhile, Chinese defenders in western Shantung and southern Hopei repulsed a Japanese force of 20,000 troops trying to launch mopping up operations. One thousand casualties were inflicted on the enemy, a report from the fighting front estimated.

A new Japanese land and air attack was underway against Mein-yang 95 miles southwest of Hankow.

LEAKING GAS TAKES FIRE LAST NIGHT

Five fire companies were called into action by an alarm from box 114 at 10:55 o'clock Monday night, when leaking gas in the apartment of C. M. Lorenz, 111 North Mercer street, was set afire by a match.

In attempting to extinguish the blaze, occupants of the apartment pulled the valve apart on the end of the gas pipe, causing the blaze to flare up and threatening to set fire to the building. Little damage was done.

save Vitamins and Minerals
for **Maximum** nutrition

The country is aroused to the need for better nutrition. It's not only that we must eat the right foods, but we must store and prepare them properly so as to serve all the vitamins and minerals we buy. In accomplishing this, modern Gas cooking plays a big role—through low-flame simmer cooking and low-temperature roasting. As a result, your Gas Company

Gas Cooking Hints to conserve food values

Do's Cook vegetables in small amount of water, too much water dissolves nutrients. Use utensil with tight-fitting lid to keep steam inside, it shortens cooking time, prevents evaporation of water. Start vegetables in boiling water, resume boiling quickly then lower flame. Cook amount needed for the meal. Do not peel, dice or shred vegetables too long before cooking, and never soak, exposure to air and soaking in water reduces vitamin content.

Don't's In cooking fruits do not peel and leave standing in water before cooking. Do not put through a sieve while hot. Do not cook eggs at a high temperature, else protein will be toughened. Do not roast meat except at a low temperature if you would get maximum juices and vitamin content.

Cook the vegetable only until "tender crisp." Never use soda in cooking vegetables, it destroys vitamins. Color is better preserved by shorter cooking time and using less water. Cook what vegetables you can in the skin, many minerals being directly under the skin, otherwise peel thinly. Use cooking water in vegetables or tomato juice cocktail or to enrich soups, sauces, gravies. Serve vegetables immediately.

protein will thus not be overcooked and shrinkage will be reduced. Do not fail to start cooking frozen foods while they are still frozen. Do not try when it is possible to broil. Avoid stirring, it lets in air.

Mrs. Rachel Fox of Highland Heights entertained at a family dinner Sunday, Mothers' Day, in honor of her grandson, Sergeant David Harris of Langley Field, Va. The latter is the son of Mr. and Mrs. David Harris of 1511 East Washington street.

The work "dickens" as used by many people to express astonishment, impatience, or irritation, bears no relationship to the famous novelist, Charles Dickens. It was used by Shakespeare more than 200 years before Dickens in "The Merry Wives of Windsor," when Mrs. Page states: "I cannot tell what the dickens his name is my husband had him off."

GENERAL EDWARD MARTIN
Republican Candidate for Governor

EDWARD MARTIN
WILL MAKE
A GOOD GOVERNOR

You judge a man's future performance by his past. Promises made during a political campaign are futile unless they are backed by previous performance. Edward Martin has been tried in the crucible of public service and never found wanting. He has been tried on the field of honor when his nation needed him—and never found wanting.

Edward Martin will make a good governor or because he has been a good citizen, a capable public servant and a loyal Pennsylvanian, devoted to his state.

Nominate him on the Republican ticket next Tuesday.

War Transportation Program Revealed To Local Truckers

Full Cooperation With O. D. T. Is Certain On Part Of Lawrence Co. Organization

Full co-operation with the orders of the Office of Defense Transportation was urged Monday night by Paul W. Keely, vice president of the Pennsylvania Motor Truck Association before the Lawrence county chapter of the association. Mr. Keely is a former president of the Lawrence county chapter. The meeting was a dinner meeting in the Castleton hotel.

Recently Mr. Keely was called to Washington to study the rulings of the ODT and is thoroughly familiar with them. He explained that under the ODT rules, no truck will be permitted to move out from a dock unless it is loaded at least to 75 per cent of its capacity.

No pick up or delivery will be permitted more than once a day at any plant, store or industry, and no "empty hauls" will be permitted. Pooling of trucks will be done and the conservation of tires, gasoline and oil were urged. No trucks are being built at the present time, Mr. Keely pointed out and the present trucks must last for the duration of the war.

Many questions were asked by the truckers, which were answered by Mr. Keely. On Wednesday a committee consisting of Paul W. Keely, President Al Bauman, Sam Mooney, Joe Bowman, and Julius Gardocky will go to Philadelphia to attend a national meeting called for the purpose of bringing about a better understanding of the truck situation.

Triplets Born To English Mother

Populace Disappointed On Forecasts That Quints Were To Arrive

(International News Service)

ABINGDON, England, May 12.—

Mrs. Emily Woodley disappointed the populace of Berkshire today when she gave birth to triplets instead of the quintuplets which had been anticipated.

The three babies are all boys.

Disclosure that the expected birth of quintuplets had not come to pass went especially hard on the residents of Culham home village of the Woodleys, who had hoped their hamlet might become as famous as Callender, Ontario, where the Dionne quintuplets were born.

The baby boys arrived on the birthday of their brother John who was born May 12, 1937, the day on which the coronation of King George VI took place.

The mother and her three children were said to be doing well.

The prospective father had been given a special leave from the army to be nearby when his wife was admitted to the hospital in Abingdon. At least his worries about where to find five perambulators in a country where baby carriages have become almost a rarity has been reduced somewhat.

Marines Enlist Two More New Recruits

Staff Sergeant John Dean announced today that two men have enlisted in the United States Marine Corps.

Charles W. Young of R. D. No. 6, the son of Mr. and Mrs. Edward Young has left for duty and Thomas J. Kerey of Girard, O., will leave shortly. The enlistments keep the local office well in the lead for enlistments in the Western Pennsylvania area.

Bond Issue Vote Week From Today

Ellwood City Voters To Decide \$119,000 Bond Issue At Tuesday Election

ELLWOOD CITY, May 12.—The addition to Ellwood City's Sewage disposal plant will go through if local citizens go to the polls on Tuesday, May 19, to vote "Yes" on the \$119,000 bond issue which is Ellwood City's share of the cost of the addition to the present sewage disposal system. The bond issue will mean no increase in taxes due to the fact that it will be absorbed in the regular taxation for the next twenty years or so, it is stated. There is not a question that this program can be consummated at no additional cost to the taxpayer and that in fact, it will eventually result in a saving to the taxpayer.

If the election should be unsuccessful, the State can force the borough to take action in this matter even against the vote of the electorate. If this would be the case, it would be possible for the state to assess the costs of constructing an addition to the present sewage disposal plant over a five year period. On a project amounting to \$150,000 this would mean \$30,000 additional in the budget every year or about a 5 mill increase in the annual tax rate. Ellwood City industry is expanding daily and more homes are being built to keep pace with the industrial expansion which means increased sewage facilities. The present sewage system will not hold up under this present heavy load and from a health standpoint, we are liable to contracting epidemics of contagious diseases.

Rod-Gun Club Meeting Monday

ELLWOOD CITY, May 12.—With vice president, John Evans, in charge, the Ellwood Rod and Gun club met last night at the Lodge on the Wampum road.

John Copits announced that the dog training area is about completed and asked for volunteers to complete the work on Thursday night after 5 o'clock. The area will be posted with rules and regulations.

The water line has been connected with the new kitchen and will be ready for use this week, chairman, Clarence Scott, announced. The water is pumped from a spring near the club house.

Entertainment was motion pictures of hunting and fishing in northern Canada shown through the courtesy of John Kimmich.

A trap shoot will be held on Wednesday night at 8 o'clock. Refreshments were served by a committee. Tuesday, June 8, is the time of the next meeting.

Benefit Association Has Annual Banquet

At the Y. M. C. A., the Mutual Benefit Association, of the Pennsylvania Railroad, Local 55, had their annual banquet, on Saturday evening.

Among the guests present were the general president of the M. B. A., of Philadelphia, M. F. Loughner; Mr. Holmes and Mr. Hinks, of Pittsburgh; and Mr. Latimer, of Ashtabula, Ohio.

Ed. Fisher, assistant road foreman of engines, of the P. R. R., acted as toastmaster.

Entertainment was furnished by Emil Lelenko and Miss Adele Martin Sarg, with Miss Mangel Bruger accompanying on the piano.

The tables were decorated in patriotic colors.

John Carolin and John Hogue, comprised the entertainment committee. J. L. Parker and William W. Francis were the dinner committee.

SOLDIER RETURNS

Private Matthew Zuba is here on furlough, for seven days, visiting with his parents, Mr. and Mrs. John Zuba, of South Liberty street. Private Zuba is stationed at Fort Bragg, North Carolina.

PUPILS OUT EARLY

Pupils of Mahoning school were quite happy Monday afternoon as they trooped along from school about 2 o'clock. They were let out early on account of a general meeting of teachers in the city, and to give the children an opportunity to see the circus.

CLERK ON VACATION

Clerk John Robinson of the Mahoningtown post office began his vacation of two weeks on Monday. Clerks Ed Ballard and William Peterson of the New Castle office are in charge of the local office.

RAILROADER HURT

William A. Rhodes, aged 24 years, of R. F. D. No. 3, an employee of the Pennsylvania R. R., was treated at the Jameson Memorial hospital, at 1:05 o'clock this morning, when he suffered a laceration of the little finger of his left hand, which was scratched by a passing locomotive.

SCOUTS TO GATHER METAL COAT HANGERS

Residents of the ward are asked by members of Boy Scouts Troop 4, to assist in an effort put forth by the scouts to conserve material used in the making of metal coat hangers. Many people have a number of these articles accumulated in their homes. These could be put to good use.

Thursday, Friday and Saturday, scout members will make a house-to-house collection. They will attempt to cover every house in the ward, and folks are requested to have the hangers gathered together, ready to be picked up.

MISS F. HAMMOND ENTERTAINS CLASS

At the home of Miss Francis Hammond of North Lafayette street, the Crusaders Class of the Madison Avenue Christian church, met over the week end, Miss Grace Kelly was co-hostess.

Games and chat were the diversions of the evening.

Edward Bevan, presided over the business session.

A delightful lunch was served by the co-hostesses.

The next meeting will be entertained at the home of Mr. and Mrs. Howard Culbertson.

IMPROVING NICELY

Word has been received that Ed McBride, superintendent of the Mahoning town Post Office, who has been confined to his home since the end of March, he is improving nicely. Mr. McBride was able to come downstairs Monday.

SON IS TRANSFERRED

Private Franklin W. School, of Fort Bragg, North Carolina, has advised his mother, Mrs. Bertha Fraley, of North Cedar street, that he has been transferred to Angel Island, California.

L. A. TO O. R. C. WILL MEET

On Thursday, May 21, the Ladies Auxiliary To Order of Railroad Conductors, will have their next social meeting, at the home of Mrs. Roy Clark, of West Cherry street.

Would Make Army Pay Increases Only For War's Duration

(International News Service)
WASHINGTON, May 12.—The 11th-hour proposal by Rep. Vinson, (D) Ga., to make army-navy pay increases effective only for the war's duration drew scattered support today as the house took up

Tonight, when you switch off the radio and tuck yourself into your safe, quiet bed — think this over:

— those men out there — in fox holes, on the seas, and in the air — are fighting with all their might for everything YOU as well as they hold dear

— it's YOUR fight as well as theirs

— they're giving whatever it takes

— some will give their lives.

It's only fair to ask: What can YOU give to make their life easier, their job more bearable; how can you back them up, buck them up, cheer them up?

You'll find your answer in the USO.

Through its 564 clubhouses at army camps, at naval stations and in defense areas — all over this warring world — the USO provides the *little things* that keep a fighting man's spirit flaming... a cup of hot coffee when he comes off duty — a homey place to sit down and write home — a dance date with a nice girl — a movie show — a game of gin rummy — a bar of chocolate — a place to go when he has no place to go — *the comforting knowledge that the home folks are "with" him!*

Yes, your money will buy priceless moments of peace for the men who will

win this war for all of us — money you've been able to earn only because this is America and America is still free!

Won't you think it over tonight while you're smoothing a cool sheet beneath your chin?

If you can drop off to sleep — okeh.

But if you can't — then jump out of bed and write USO a check — as fat a one as you can possibly manage — and send it in first thing tomorrow to your local USO committee

this measure and the companion pay allotment bill.

The Edmonson bill providing allowances for dependents of men in the service came up before the House Military Affairs Committee with Federal Security Administrator Paul V. McNutt as the first scheduled witness.

At the same time, the pay bill was carried to the floor for debate. Vinson's announced intention to offer an amendment making the

measure apply only until the end of the war injected a new issue into the situation.

Four City Loop Battles Tonight

Besenmer Plays Moose On
Marshall Field; Elders
Oppose Croton A. C.

With the splendor of opening day history, City Baseball League adversaries continue swinging toward the first half championship, tonight starting at 6 o'clock.

Games tonight are:

Besenmer vs. Moose, Marshall field.

Lawrence Indies vs. West Pittsburg, field on West Pittsburg highway.

Elder A. C. vs. Croton A. C. Croton field.

West Side vs. Slovaks, Cedar street grounds.

Besenmer, the Elders, Croton and Moose dash onto the fields with opening day triumphs. Today's program brings together four teams with spottless records: Elder-Croton and Besenmer-Moose.

The calibre of play Sunday drew favorable comments from hosts of followers of the game. Judging from the showings, the loop will produce some of the classic baseball performances witnessed locally in many years.

Andy Sargent, Croton fireballer, turned in the ace act, whiffing 16 West Side Tiger batsmen in a 10-inning affair jammed with thrills.

Home runs by Mrozek, Moses and Memo with other highlights.

The large galleries present indicated one thing—that baseball this season is a much desired sport.

President Mike Donovan and Secretary "Jake" Bobovsky were thoroughly pleased with the opening day program.

President Leo Hill, of the Lawrence County Umpires' association, today assigned the following officials:

Besenmer vs. Moose, General and Tex Richards.

Law. Indies at W. Pittsburg, Ben Price and Rotundo.

Elders vs. Croton, McIntyre and Irwin.

West Side vs. Slovaks, Gormel and Morgan.

SPORTSMEN'S CLUB TO MEET TONIGHT

Members of the Lawrence County Sportsmen's association will hold their monthly meeting in the Veterans of Foreign War hall, 26½ East Washington street, tonight at 8 o'clock. H. N. Dris, secretary, announced.

Gus Dorazio Trips Bobo In 10-Reeler

(International News Service)
PHILADELPHIA, May 12.—Gus Dorazio, Philadelphia's spoiler of heavyweight hopes, thrust his burly frame back into the fistie picture today with a stunning upset victory over Harry Bobo, towering Pittsburgh Negro Bible reader.

On the short end of four-to-one odds and 14 pounds the lighter, Dorazio just tucked in his chin and blazed away before 8,000 fans at the Arena. The two judges disagreed, but Referee Ivy Kutcher's eye gave the 10-round bout to the Philadelphiaan.

Bobo, 203-pounder who knocked out Lem Franklin in one round couldn't solve Dorazio's crouch and landed few clean-cut punches. It was the third meeting of the two, each having won a previous decision.

Mahoning Loses To Washington In Track Meet

STILL A WORKER
All big league baseball stars look forward to the day when they can retire and take life easy. George Stovall was quite a famous player and manager, too, but at the age of 45 he still works—and works hard. He is an angler in a California shipbuilding plant, and so busy he can't get a day off to see a ball game.

SPORTS WORLD RAMBLINGS

Tip to scouts interested in prize talent: Lay everything aside and check over a local twirler—Andy Sargent, who toes the rubber for the Croton A. C. If the right-hander pegs like he did last Sunday, and I have been assured that he does, he deserves a "break."

He's so cool that you can't help but gain the impression that he has ice in his veins. His pitching kit seems to include all the ingredients that comprise an ace twirler. Against the West Side, Sargent struck out 16 batters and gave up three hits in 10 innings. He walked only one man, giving an excellent indication regarding his control.

As he toiled on the rubber, he impressed me as being so peppy that he wouldn't give a guy as much as the right time. Off the diamond, he's a right guy loaded with personality. Sargent, a Clarksburg product, formerly flung for St. Vincent college where he starred.

Westminster college's 1942-43 basketball team may make only one long trip to Madison Square Garden to match shots with one of the Big Stem teams. The remainder of the card, 17 games, will be strictly

Important Meeting Will Be Held Wednesday Evening At 9 O'Clock

City-County Independent Baseball league teams continued blasting for first half honors last night. The Dewey A. C. fettered their winning list at the expense of St. Margaret's, 5-3. B. Nelson was the big star, garnering three hits. Majors hurled for the winners while A. Zarilla was the losing moundman.

PLAY 9-0 DEADLOCK
Rockets and West Side A. C. played a 9-9 draw.

Buckingham homered for the Rockets while "Ducky" Guinbaugh cracked out a four ragger for the West Siders. Van Dusen and Grove formed the Rockets' battery while Lowers, Schaas and Guinbaugh performed for the A. C.

MEET ON WEDNESDAY
Carm DeLoone, president, today announced that a special meeting will be held on Wednesday night at 9 o'clock at 112 West Washington street. Managers and officials are asked to be present.

President DeLoone appeals to local fans to patronize the circuit. Games are played on Mondays, Wednesdays and Fridays. In view of the war, baseball is essential to morale. "We can't operate without a little assistance from fans," DeLoone said today.

SOLE DOUBLE PLAY
Rudy York, Detroit's husky first sacker, is better known for his slugger talents than for his defensive ability, yet he stole a march on the other American League first sacker by pulling the first unassisted double play of the season, April 22, against Chicago.

FAIR OR FOUL
By LAWTON CARVER
INS Sports Editor

NEW YORK, May 12.—The Brooklyn Dodgers recently made their first swing through the west and came back home still leading the National League, giving rise to great hopes in flabbergasted for a second straight pennant. Them Bums showed they didn't have to meet the weak eastern opposition in their averages and their fanatical followers have relaxed a little.

Now, what about the New York Yankees in their quest of another American League and world championship?

They are leading the league at the moment as they make a break for a tour of the hinterlands, having taken all opposition, eastern and western in their long eastern stand just as the Dodgers had before they were rounded up and hummed into a train for their rollicking ride through the territory guarded by the St. Louis Cardinals and Cincinnati Reds. Perhaps you can throw in the Pittsburgh Pirates, too. Some still insist the Pirates will win the pennant this time.

Be that as it may, the Yankees won 7 out of 24 and are leading the Cleveland Indians, whom they meet today in their first stand of the season on western soil.

The Yankees shape up like a club that will out-last the rest over the long route—154 games that make up a season—or will win any given series—as the world series, if they make it again.

It should not be necessary to mention that on some humided into a west won't prove anything definitely, but a club has to be able to

Fleming's Homer Wins For Indians

Ninth Inning Poke Shaves Yanks' First Place Lead; Braves Win, Climb

(International News Service)
NEW YORK, May 12.—Breezing along with a seven-game winning streak and their pitching staff mowing 'em down, the New York Yankees open their invasion of the west today in Cleveland. The Yankees hold a game and a half lead over the Tribe for the lead in the American League.

Meanwhile, the Brooklyn Dodgers, traveling two and a half games in front of the National League, will entertain the surging Cincinnati Reds, who have won seven of their last nine games, at Ebbets Field as the western clubs swing east in the National League.

Braves Climb
Casey Stengel's Boston Braves who play Chicago today, climbed within a game of the Pirates and second place yesterday by defeating the Phils, 3 to 2, in the only game scheduled in the National wheel.

Ernie Lombardi kept the Braves in their winning stride with a home run with a mate aboard in the sixth inning.

Albie Glossop had given the Phils a lead with a home run, but the Braves came back with a run in the fifth on Sissy Sests double, an infield out and a balk called on Johnny Pockany. The balk so upset Johnny that he whipped one down the middle for old Schmozz in the next frame. Tom Eakins allowed seven hits, but pitched himself out of trouble when the pressure was on.

Cleveland rallied for the second straight day to whip Detroit, 8 to 5, in the only American League tilt.

The Indians gathered five runs off Dizzy Trout and Charles Fuchs to tie the score in the eighth, and Lee Fleming hit his third home run of the season with two men on base in the ninth.

The Yankees' pitching looms ominous for the western clubs. "Red" Ruffing has won four out of five games and Ernie Bonham four straight. Three of Bonham's victories were shutouts, so Boss Joe McCarthy can confine his sorries to his hitters. Joe DiMaggio is hitting a puny .286 but he was in a slump last season until May 15 when he started on his 56-game record-breaking hitting streak.

DiMag Slumps
Phil Rizzuto, now hitting his height with an average of .186, feels the west will do him good. He has never hit under .300. If DiMaggio and Rizzuto get the range, the Yankees should flatten their lead before returning home on May 25 without too much trouble.

Brooklyn has had five off days in the past eight days so their pitching staff is ready. They won all three games with the Reds in Cincinnati, but anticipate more trouble from them this time.

Here's the way the American League teams square off today. New York at Cleveland, Boston at Chicago, Philadelphia at St. Louis and Washington at Detroit. In the National League, Cincinnati at Brooklyn, Chicago at Boston, Pittsburgh at New York and St. Louis at Philadelphia.

HERE AND THERE IN SPORTS' LAND

Weather being good, the boys who like to still fish now may be seen along the streams daily during the morning, evening and usually all day Sunday. Trout is in season, bass is out and the road of many fishermen is suckers and carp. Not ever having caught any carp of extraordinary size we went today to a fisherman whom we consider "tops" for some knowledge. Introductory of course none other than that well known disciple of Ike Walton, George Barrett.

George has caught every kind of fish one finds hereabouts and in Canada. It will be recalled that last fall he pulled out of "French creek" one of the largest "muskie" taken from the stream, which many fishermen declared was not so hot, except in certain places.

We asked George today what kind of bait he used for carp and he replied that carp in many of their habits are akin to bass. He said the best bait he has got so far has been dough balls, crabs, sweet corn, a "half done" boiled potato and the worm.

Albie Glossop had given the Phils a lead with a home run, but the Braves came back with a run in the fifth on Sissy Sests double, an infield out and a balk called on Johnny Pockany. The balk so upset Johnny that he whipped one down the middle for old Schmozz in the next frame. Tom Eakins allowed seven hits, but pitched himself out of trouble when the pressure was on.

Cleveland rallied for the second straight day to whip Detroit, 8 to 5, in the only American League tilt.

The Indians gathered five runs off Dizzy Trout and Charles Fuchs to tie the score in the eighth, and Lee Fleming hit his third home run of the season with two men on base in the ninth.

The Yankees' pitching looms ominous for the western clubs. "Red" Ruffing has won four out of five games and Ernie Bonham four straight. Three of Bonham's victories were shutouts, so Boss Joe McCarthy can confine his sorries to his hitters. Joe DiMaggio is hitting a puny .286 but he was in a slump last season until May 15 when he started on his 56-game record-breaking hitting streak.

Brooklyn has had five off days in the past eight days so their pitching staff is ready. They won all three games with the Reds in Cincinnati, but anticipate more trouble from them this time.

Here's the way the American League teams square off today. New York at Cleveland, Boston at Chicago, Philadelphia at St. Louis and Washington at Detroit. In the National League, Cincinnati at Brooklyn, Chicago at Boston, Pittsburgh at New York and St. Louis at Philadelphia.

Story Of Conn, Father-In-Law Fight-By Billy

Conn Says Smith Unfurled Opening Sock; Suffers Broken Hand

(International News Service)
NEW YORK, May 12.—Billy Conn, who suffered a broken left hand in a brawl with his father-in-law, Greenfield Jimmy Smith, yesterday in Pittsburgh, told I. N. S. the following story shortly after he hopped off at airport.

"He (Smith) told me before I was married that if I married Mary Louise he was going to get me," said the kid, and he did.

Billy then went on to explain the background of the brawl which rocked the boxing world. He told how Smith had refused to attend the Christening of Baby Conn at St. Bedes R. C. church in Pittsburgh Sunday afternoon, and how he had not spoken to his father-in-law in more than a year.

"Sunday night I was at my home talking with my friend, Art Rooney," said Billy. "Smith called Rooney and asked him to come over. Art left and a short while later called me and said Smith wanted to talk to me and probably bury the hatchet."

"I shook hands with him when I arrived and we sat around. Then he said he wanted to see me alone and asked me out to the kitchen. He began talking loud and brought up a lot of old disputes. I told him not to bother that I wasn't deaf."

Billy said Smith then yelled "aren't you scared of me young man?"

"I'm not scared of anybody," answered Conn. Then it started.

Conn says Smith threw a punch at him and lunged for him. This started to stir away and Mrs. Conn, other relatives, Rooney and Milton Jaffe, another friend of Billy's, raced to the scene to try and halt the battle.

Before they could do so both men had landed several punches and were rolling around on the floor. Smith's hands ripped open Billy's handsome face and the referee Billy punched his hand through a window cutting his arm.

Rinascenza Lodge Has Mothers Program

Large Group Hears Special Mother's Day Talks At Program Sunday Afternoon

Sunday afternoon at 3 o'clock the Rinascenza lodge presented a Mother's Day program in the Morton street club rooms, and a large crowd was present for the occasion.

Speakers who addressed the assembly included Noble DeLorenzo, Ralph Morelli, Tony DeAndrea, president, Colombo, and chairman Joe Tomassello. All spoke on Mother's Day and mother, and the talks were well received.

All mothers received carnations, and Mrs. Angelo Flala received a bouquet of flowers as mother of the lodge. Her husband, the late Angelo Flala, was founder of the lodge. The presentation was made by President Colombo.

Dainty refreshments were served later by Mrs. C. Clause, Mrs. Jennie Graziani, Mrs. Anna Chippari, Mrs. Ralph Morelli, Mrs. Angelo Flala, Mrs. Guy Casale, Mrs. Joe Sanfilippo and Mrs. N. DeLorenzo.

Emergency Coal Rationing May Develop In U. S.

(International News Service) WASHINGTON, May 12.—Possible emergency rationing of coal was in store for the public today unless consumers stockpile this fuel to storage at once and thus prevent serious transportation problems next fall and winter.

The warning was expressed after WPB Director Donald M. Nelson addressed an open letter to consumers telling them that retail coal dealers needing financial need may obtain it from the RFC or through local banks if they purchase coal for shipment from the mines before August 1.

Nelson said that the fuel oil situation on the east coast and winter weather transportation problems make stockpiling operations now of great importance to all consumers. "We are now dependent or may later become dependent on coal for heating their homes, or running their plants and factories."

"Complete cooperation with the program will help the nation avert serious problems," he said.

Unione Calabro Club Has Program

Sunday evening the Unione Calabro club members honored Mother's Day with an interesting program. President Colombo Clause opened the meeting.

Speakers heard on this occasion, all giving special tribute to mothers, included: Joe Lombardo, Frank Gillett, Mr. Marolda of Ellwood City, Joe Pisano, Anthony Audino and Angelo Costa, the latter also reciting a poem.

Colombo Clause, president, gave a talk on mothers and presented Lucia Fuleno, the oldest mother, with a lovely bouquet of roses.

Dainty refreshments were served later, and Joe Pisano was chairman of the social committee that served.

FROM ME TO YOU

By MESEFALL

Victory Gardens are beginning to pop up . . . some fellows who took advantage of the warm weather of a few weeks ago now have some vegetables growing . . . corn and the like is up in some gardens believe it or not. Watch all your foods, it's mighty important that we all eat the right foods in times like today. A balanced diet will keep you healthy and that is a savings all down along the line. You still have time to plant a Victory Garden . . . but you must snap into it.

The removal of street car rails from Highland Avenue seems to be progressing right along . . . just as fast as the rails are removed and cut up into small pieces the depression is filled with cement . . . we are still wondering if the state will be in a position to take over and resurface the entire street when the job of removing these rails is complete? Let's hope so . . . those who will still be driving their cars will be mighty particular about the tires and with all our warnings about rough streets . . . you can see the point without any further comment.

Due to some unforeseen legal tiups . . . the \$35,000 that was to be returned to the citizens last week will not be returned for a few days yet . . . The government has a lot of red tape that must be completed before final payments can be completed . . . everything is in readiness and you will absolutely get the money so just keep calm and collected and all will be fine in a very short time.

Wednesday evening of this week the Order of Builders No. 1 will hold the first meeting of May in the East Lodge of the Cathedral . . . a very interesting program will be presented by Attorney Robert White . . . every member of the lodge is invited and urged to attend . . . there will be refreshments following so a very delightful evening is in sight. The meeting will open at seven-thirty so members please be on time.

You can still make repairs and addition to your homes . . . read the Classified Ads and other display ads in this paper for materials you would desire . . . just try a little ad and see what results you will get . . .

Light Profit-Taking Checks Recent Steady Up-Swing In Stock Market

(International News Service)

NEW YORK, May 12—The stock market encountered light profit-taking today checking the steady upswing through 10 of the previous 11 trading sessions.

Some sections continued to move ahead, but the majority of leaders slipped fractionally under last night's closing levels.

While the great majority of changes were fractional, a handful of stocks showed price changes.

Youngstown Sheet & Tube dropped a point on its opening sale at 31 and was unable to recover much of the loss in subsequent dealings.

Pair-sized declines were suffered by U. S. Steel, Chrysler, General Motors, Du Pont, Kenecott, International Nickel, Westinghouse, Standard Oil of N. J., U. S. Rubber, American Can, Eastman Kodak, Consolidated Edison, Boeing and Woolworth.

Among the stocks modest gains were Western Union, Dow Chemical, Johns-Manville, United Aircraft and Swift & Co., Bethlehem, Anaconda, General Electric, and American Telephone held around last night's levels.

Nazis Lose 104 Planes In Three Days Over Malta

(International News Service)
VALETTA, Malta, May 12.—Aerial warfare over Malta during the week-end terminated in "the greatest defeat ever suffered by the German Luftwaffe," Royal Air Force observers in Valetta declared today as the toll of Nazi planes destroyed or damaged mounted to 104 for the three-day period.

The observers asserted that the results achieved by the R.A.F. fighters and anti-aircraft batteries were samples of what could be accomplished when the British could put fighter planes in the air in numbers approaching those of the attacking craft.

R.A.F. reinforcements flown to Malta from Cairo enabled the defending fighters to meet the Axis raiders on equal terms for the first time since the large-scale, incessant assaults were launched on this strategic Mediterranean island, the observers stressed.

Military and civilian observers alike were still discussing the week-end aerial battles excitedly today. To the island residents, accustomed to seeing far-outnumbered R.A.F. units struggle valiantly to lessen the weight of the Luftwaffe blows, it was a highly enjoyable experience to watch British Spitfire fighters zoom down on the tail of nearly every attacking bomber.

During one of the Sunday raids, nearly every attacking plane was shot down or damaged by British fighters or anti-aircraft fire, which also was the heaviest in the history of the air war over the island.

NEW CONCERT DRESS
(International News Service)
HANOVER, N. H. — Dartmouth College's Glee Club, heading WPB's order that "tells" are not essential war-time clothes, will strike a new note in concert dress this season. The singers will wear dark suits, gray trousers, white shirts and green ties. Their voices, Director Donald Coburn hopes, will wear better under the decreased strain.

Local Soldier Was In Service In Philippines

Private Edward Obodzinski, who was in service in the Philippines, recently arrived in San Francisco via Hawaiian Islands, and soon afterward was given ten days furlough to visit his folks here. He was chauffeur for General Parker, for 2½ years in the Philippines. He received a hand wound while in action.

Private Obodzinski has also two brothers in the service: Sergeant James Obodzinski, instructor at State College, and Private Henry Obodzinski, who is now enroute to Australia. By a coincidence, Edward met his brother Henry in San Francisco shortly before he embarked for Australia.

Brothers Sergeant James and Private Edward Obodzinski enlisted in the U.S. Service, the same day, three years ago. Henry was inducted nine months ago.

PARENTS HEAR FROM LIEUT. AGNES KEANE

Mr. and Mrs. Thomas Keane of 813 East Washington street have received a cablegram of greetings from their daughter, Lieutenant Agnes J. Keane, who is stationed in Ireland, that she was O. K. and getting along fine. The cablegram was dated May 9, and came from Mothers' Day. Lieut. Keane is attached to the American Nurses' Corps that went with the first American Expeditionary Force.

Postpone Order On Deliveries

(International News Service)
WASHINGTON, May 12.—The office of defense transportation today announced that the effective date of the order restricting local deliveries (including distribution of newspapers) to one a day, had been postponed from May 15 to June 1.

The order, designed to conserve tires and equipment, applies also to deliveries by dairies, bakeries, laundries, and department stores, and would eliminate special deliveries, call backs, and repeat trips.

Joseph B. Eastman, OPD director, said the postponement was made to give industries more time in which to revise their delivery schedules and work out plans for conservation of tires and equipment under war time standards deemed imperative by the OPD.

Eastman expressed his "gratification over the efforts being made by industries affected by the order to put their delivery operations on a war time basis. He emphasized, however, that maximum conservation of existing transport facilities is absolutely essential to the successful prosecution of the war on the home front.

One Injured In Route 422 Crash

Three cars were involved in a crash near Dewberry's Service station on the New Castle-New Bedford highway at 12:30 a. m. today during which Clifford Van Kirk, Koppel, sustained a laceration of the head. He was treated for his injuries at the scene, State motor police reported today.

Car of Domenico Domino, Wampum, R. D. 1, was following the auto of Jessie J. Van Kirk, Koppel, with Clifford Van Kirk, as a passenger. It struck Van Kirk's car which was in the middle of the highway turning left.

The car of R. C. Pence, 20 North Beaver street, New Castle, also journeying east, struck Domino's car.

Mothers Of Sorrow Group Has Program

Guest Speakers Heard At Impressive Program Conducted In Church Rooms

An interesting Mother's Day program was presented at the Mothers of Sorrow meeting conducted in the basement of St. Vitus church, Sunday afternoon at 2:30 o'clock.

Mrs. Mary E. Conti, president, gave an inspiring speech on Mothers, which was well received. Mrs. Rosina Riggi also spoke, and Mrs. Concetta Leonardo, president, of the Casa Savoia Auxiliary later presented a beautiful bouquet of roses to Mrs. Conti. The latter responded graciously. A bouquet was also presented by Mrs. Conti to Mrs. Marie D. Biondi, who is the mother of the Sodality.

Rev. Fr. Nicholas De Mila, pastor of the church, and guest speaker addressed the group, also choosing mothers as his theme. His talk was well given and his impressiveness touched the feelings of those attending.

Lawrence County Garden Forum Meets

Guest Speakers Heard At Meeting; Installation Of Officers Conducted

Lawrence County Garden Forum met Monday evening at the Y. W. C. A.

The program was in charge of Mrs. Harry Sturdevant.

The speaker for the evening was Mrs. William Howley, whose subject was Victory Gardens, in general and W. P. A. Gardens in particular.

Mrs. Howley told how the W. P. A. gardens throughout the state, and how the food in these gardens was to be stored and canned to be used for school lunches. She mentioned the many pamphlets and bulletins distributed by the state

and government that are of use to the gardener, experienced or inexperienced.

Charles Lindner spoke briefly about local Victory Gardens. Mr. Lindner stressed the conservation of seeds, and advised that careful study be made before planning a garden.

Mrs. Walter Eckert stressed the need for beauty in our gardens this year more than ever.

A short business meeting was presided over by Mrs. John Robinson. Mrs. Walter Eckert, founder and first president of the forum installed the following officers: President, E. C. Gatzert, first vice president, Mrs. Nelson English, recording secretary, Mrs. R. R. Kandler, corresponding secretary, Mrs. Ethel Whiteing and treasurer, Mrs. Fred W. Sontum.
